

**WEST LINN-WILSONVILLE SCHOOL DISTRICT
SCHOOL BOARD POLICY**

Current File Code: EEAH
Date Policy Reviewed and Re-Adopted: 2-12-07

OUT-OF-AREA DAY CARE TRANSPORTATION

The district understands the importance of day care for many of the families of our students. Furthermore, the district recognizes the vital role and service offered by independent day care operators who often serve students outside of their attendance areas. It is the desire of the district to assist parents in making use of quality private day care services, providing that such support does not in any way constitute a financial subsidy of private enterprises with public funds.

To achieve those ends the board authorizes the administration to approve parental requests for out-of-attendance-area transportation to and from private day care centers based upon the following considerations:

1. The request can be accommodated without any increase or change in the district's transportation contract. Specifically, the request cannot create a need for additional buses or routes.
2. Any rerouting required to accomplish the request can be accommodated without increasing the riding time of other students on the route.
3. All costs, including but not limited to transportation and supervision expenses to out-of-attendance-area private day care centers, shall be paid by the parents of the children to be transported.
4. Approval may be revoked by the board with reasonable notice to the parties.

This policy is established to assist individual parents and children and is not intended to create an entitlement for district services, nor is it intended to be a service provided to and for the private day care providers.
