SCHOOL BOARD POLICY**

Current File Code: EGAAA
Date Policy Reviewed and Re-Adopted: 2-12-07

REPRODUCTION OF ALL COPYRIGHTED MATERIALS

Among the facilities available to teachers in carrying out their educational assignments are a variety of machines for reproducing the written and spoken word, either in single or multiple copies.

Infringement on copyrighted material, whether prose, poetry, graphic images, music, audio tape, video, or computer-programmed materials, is a serious offense against federal law and contrary to the ethical standards required of staff and students alike.

Violations may result in criminal or civil suits.

The Board therefore requires that all reproduction of copyrighted materials be conducted strictly in accordance with applicable provisions of law. Unless otherwise allowed as "fair use" under federal law, permission must be acquired from the copyright owner prior to reproduction of material in any form.

"Fair use" is not a rigidly defined term. "Fair use" is based on the following standards:

1. The purpose and character of the use;
2. The nature of the copyrighted work;
3. The amount of and the substantiality of the portion used;
4. The effect of the use upon the potential market for, or value of, the copyrighted work.

If an individual questions the legality of duplicating materials, he/she should seek permission from the copyright holders.
