SCHOOL BOARD POLICY**

Current File Code: JC
Date Policy Reviewed & Re-adopted: 9-10-07

ATTENDANCE AREAS

The Board is responsible for establishing attendance areas within the school district. The Board shall review annually any revisions deemed necessary.

Factors to be considered in setting or changing attendance areas include:

1. Distance and convenience by regularly traveled routes.
2. Age and grade level of children involved.
3. School facilities available and their effective use.
4. Consideration of the effects on enrollments, use of space, and other factors in adjacent schools.
5. Reasonable distance for as many students as possible.

Each year, or whenever necessary, revised "School Attendance Area Maps" will be provided for the coming year. These maps will outline areas for each primary and middle school. School maps will be available to all school offices and the central office. A limited quantity will be available to non-school agencies.
