

**WEST LINN-WILSONVILLE SCHOOL DISTRICT
SCHOOL BOARD POLICY**

Current File Code: KM

RELATIONS WITH COMMUNITY ORGANIZATIONS

The Board feels that the success of the district depends upon the skills of the superintendent to utilize the talents of parents and other members of the community in a decision making capacity. It is vital, therefore, that community groups and associations play a strong role in the local schools.

1. Principals and teachers and all other staff members should strengthen and encourage support groups in each building by cooperating in any way possible to provide assistance, materials, and facilities to assist these groups in helping the schools.
2. Community groups and organizations interested in the schools and having resources that would enhance the learning program should be identified. Every effort should be made to cooperate with and involve such groups into the school program.
3. Parents should be involved and encouraged to play a supportive role in the life of the school. The local school and the district should include citizens or citizen groups on advisory committees when feasible.
