- Must pass state tests in reading, writing, & math
- 20 or more hours of Community Service
- For more information see web site:
www.wlww.wlhs.k12.us , Ms. Yamauchi, or
Counselor for more information

Advanced Placement (“AP”)

- Advanced Placement courses are college level courses that are graded on a weighted scale (i.e. “A” = 5.0, “B” = 4.0, etc. This does not apply to D grades).
- At the end of each course you will be required to take a national AP exam that determines the number of college credits you will receive for that particular course. It is up to the college whether or not they will accept AP college credit.
- *Leading up to forecasting you will have discussions with your teachers about recommendations for AP level courses. Each course may have specific application requirements and possibly summer work. You will not be allowed to drop an AP course once the class starts.*

Advanced College Credit

- Completing ACC approved courses with an “A” or “B” will earn community college credit that can be transferable to many 4 year universities.
- CCC will notify students taking ACC approved courses for registration. You must pay \$10 per credit to receive college credit (i.e. 4 credit course = \$40).
- Students CAN NOT get both ACC and AP credit for one course.
- Review list of approved ACC courses on our website www.wlhs.wlww.k12.or.us > Academics > Curriculum > Advanced College Credit
- See counselor for additional details!!!

Oregon University System “D” Rule

- *No Oregon public university will accept grades lower than a “C-” in required academic courses.*
- Student with “D’s” or lower in these courses will be required to make up the credit before applying to an Oregon public university.
- See your counselor about credit recovery options!!!

Elective options located on backside of page

I understand the following:

- These are my course selections for the entire year and I am satisfied with these choices.
- My schedule will be established using the above selections and will only be changed if these courses are not available, full, or I have not met the prerequisite course requirements.
- Math, Science, and Foreign Language placements are subject to review and change by instructor near the end of the current school year.
- I understand elective placement will be based on availability and within the confines of the master schedule structure. *Alternative elective choices are used to ensure accurate placement. If I do not select 5 alternatives, the Scheduler will place me in available electives.*
- AP placement requests are *yearlong commitments* and are subject to AP instructor approval.
