Notice to Contractors & Short Term Workers at WLWSD Administration Building

All workers entering this building must sign in, thereby acknowledging the presence and locations of asbestos containing building materials (ACBM) in WLWSD Administration Bldg.. No work will be authorized in the areas listed below without prior approval from Pat McGough, Maintenance Supervisor or Tim Woodley, the asbestos program manager for West Linn-Wilsonville School District.

These forms will be collected at the time of the six-month periodic surveillance and will be incorporated in the building's asbestos management plan.

*At the Administration Building, accessible asbestos containing building materials have been removed and no known asbestos materials remain. Concealed thermal system insulation may exist in concealed areas. Asbestos containing building material, quantities and locations are published in the facility Asbestos Management Plan that is available at each site, at the District Operations Center, and is also posted to the virtual **RIGHT TO KNOW CENTER**.*

ALL WORKERS MUST CONTACT THE BUILDING ENGINEER, PRIOR TO PERFORMING ANY WORK IN THIS FACILITY.
