

## West Linn – Wilsonville Schools

Date: July 12, 2024

To: Long Range Planning Committee

From: Remo Douglas, Capital Construction Program Manager

Subject: Task Force Recommendations Summary

Seven task forces were created to consider categories of potential capital improvements for the District. Task force members included school and district administrators and staff, as well as a community member and long range planning committee member. Each task force received a range of anchor documents pertaining to the scope of the task force. Anchor documents consisted of notes from focus groups, memos, plans, images and articles. Over the course of two hours the task force discussed goals for capital improvements and the anchor documents, before developing recommended improvement categories.

Recommendation documents from each task force are being developed and will be delivered to the Long Range Planning Committee. The below list is a brief outline of those recommendations.

### Safe & Welcoming Schools
