
DIGITAL CATALYST CAMP 2020

Incoming 9th Graders

Kick start a science or engineering project for the
International Science & Engineering Fair!

- Hands on experiences: Use take-home kits, remotely access scientific instruments & digital activities,
 - Learn about resources available to support you,
 - Learn about the structure of the ISEF program,
- Brainstorm project ideas with experienced ISEF students,
 - Get ideas from scientists and engineers for projects.

Dates: August 10 through August 14, 2020
