Early Action

Under this plan, highly qualified candidates who apply early may receive offers of admission by mid-December. Unlike the Early Decision Plan, the Early Action Plan does not allow an institution to request an applicant to make a prior commitment to enroll, indicate college preferences, or make and response to an offer of admission until the traditional May 1 candidates reply date.

Early Decision / Binding

Some colleges offer to notify applicants of acceptance or rejection during the first semester of their senior year. Two types of early decision plans exist:

1. **Single Choice Plan** – Students cannot apply to other colleges until the early decision college has notified them.
2. **First Choice Plan** – Students may apply to other colleges, but must name the early decision as their first choice and agree that, if accepted, you are honor-bound to attend the early decision college. If denied for early decision, your application will be reconsidered with other applications as if you have never applied earlier.

“Easy” or Priority Applications

- Some schools have been sending applications to students that do not require an essay, possibly no recommendations, and sometimes NO application fee.
- It is OK to submit these applications if you are interested in that particular college or university, but DO NOT do so without consultation with your parents, counselors, or even without further research into the school itself. Sometimes applying to these particular schools can “bind” you to that school, prohibiting you from applying anywhere else!!!
- It is advisable to do the Common Application whenever possible (even for priority apps)!

Sending SAT/ACT Scores

- “Official” scores must be sent directly from SAT (Collegeboard.org) or ACT (act.org) in order for colleges to accept score reports.
- If scores are requested to be sent to your college at the time of registration for SAT, then you can send up to 4 for free. After the first 4 then they will charge you \$12 for the additional ones requested.
- ACT has a similar process. Please check registration websites for information on sending scores.
- It is advisable to NOT score choice the SAT reasoning test/ACT and to send all scores. Some may choose to score choice for the SAT subject tests, though.
