

AP Physics 1: 2019 Summer's Assignment

Read the textbook carefully and take notes.* Be sure to read and study the diagrams in each chapter. Do the book assignments with thoroughness and thoughtfulness (thinking!). After completing the bookwork assignments (BW 1 and BW 2), check your work by going to Mrs. McDevitt's website, go to AP Physics 1, and then go to Unit 1 Notes and Answer Keys. Enjoy your summer, and I look forward to working with you in the fall! ☺ (*You may also find some helpful websites out there teaching you Physics; use these, too. There are some links and suggestions on my website... go to AP Physics 1, Helpful Resources.)
