Kindergarten Placement Information Sheet

Welcome to Kindergarten at Stafford! We are excited for your child to join our school community. The placement of students in classroom learning communities each school year is a very important process. Our goal is to create classroom communities that include students with a variety of skills and experiences. We are thoughtful about each student and spend considerable time discussing the overall needs and strengths of each child as they interact with the needs and strengths of other children. As a parent, you are our most valuable resource in providing information that will help us to get to know your child! Information such as neighborhood relationships, family situations, preschool experiences, and personal strengths and challenges add perspective to what we know about each child and helps us to make informed decisions. We look forward to getting better acquainted and working together with you!
