

You are invited to attend... A very special summer opportunity, presented by West Linn-Wilsonville Gifted Education

# “Creative Engineering 2018!”

## *Design and Build Systems Using Multiple Sources of Power*

### Summer Engineering Camp for Students Entering Grades 4-6

Our engineering camps allow students to design and create machines and systems utilizing the basic properties of physics while using everyday materials. Students will explore multiple sources of power including motors, gravity and wind – and will create and build sail-carts, pontoon boats, catapults, Rube Goldberg machines, aqua-mobiles and more! Scientific concepts covered will include mechanical energy, electricity, energy transfers and transformations, buoyancy, magnetism and many others! (Students will even get to take some of their creations home at the end of camp to wow friends and family).

### **Creative Engineering (For engineers entering grades 4-6 this fall)**

July 9 – July 13, 2018

9:00 a.m. to 12:30 p.m. daily

Meridian Creek Middle School (Main Gym)

Registration fee: \$155.00

We are thrilled to have our international engineering instructor, Scott Ziglinski, present this brand new and exciting summer event. Visit Scott’s newly designed website for an up close look at the program: [www.elementary-engineering.com](http://www.elementary-engineering.com)

**Please make checks payable to: West Linn-Wilsonville School District.**

**Credit card payments may be made online: <https://www.schoolpay.com/pay/for/Engineering-Extravaganza-Workshops/Id7JA>**
