

Wilsonville High School PE Waiver Application

To waive the one PE credit required for graduation, the following guidelines must be met and understood that:

1. The student has successfully completed **two** seasons of athletic participation at Wilsonville High School in OSAA sponsored athletics.
2. The student participated during his/her freshman, sophomore, junior or senior year.
3. The student has discussed their intention to pursue this strategy with their school counselor and has completed this application with the signatures of a parent/guardian, the athletic director, the principal and the student's school counselor.
4. The student understands that the PE Waiver permits the student to waive the one PE credit requirement for graduation. No PE credit will be awarded for athletic participation. **It is important to note that this waiver may not be used to waive Wellness I, Wellness II or Healthful Living.**

I have read the guidelines above and have had any questions answered about this policy. I also believe that my educational plans will be served by using athletic participation during my freshmen, sophomore, junior and/or senior years to waive the PE graduation requirement. I understand that my parent/guardian and the athletic director, principal and school counselor must approve this application.

Student Name: _____ Date: _____
 (Please print first and last name)

Athletic Participation

| Freshman | Sophomore | Junior | Senior |
|----------|-----------|--------|--------|
