

Wilsonville High School Senior Autobiography

The letter of recommendation that a counselor or teacher writes is a compilation of information obtained from their personal knowledge of you. Since most people only know only certain facets about you, we would like to give you the opportunity to tell us more about yourself so that the colleges will learn valuable information about you. Please give some serious thought to this Senior Autobiography because you may see some of these questions again for a college entrance essay or admission interview.

Name:

Date:

1. What three adjectives best describe you and why?
2. What school, community or work activities have you participated in? How have they been valuable?
3. Describe yourself as an individual. What activities or qualities make you stand out from your peers? In what ways are *you* unique?
4. Describe your greatest accomplishment or an opportunity where you had to act as a leader. What did you learn from this experience?
