| 13.03.4 | <p>Cell Towers: We have a policy on cell towers, but we have found areas in our District where we have no or low cell reception – which is a safety issue for the District.</p> <p>4-17-13: We are moving toward wanting to repeal the board policy on cell towers. Research is being done around cell towers in and around the district now.</p> <p>5-15-13: Cell towers relate to safety since they are a strong part of our ability to communicate from building to building. We currently do not have full coverage. Curt has commissioned an audit of every building by a contractor. This report will inform us on where we have coverage challenges. Law and policies are being review.</p> <p>[board policy repealed]</p> <p>10-16-13: Curt is working on this issue.</p> <p>1-22-14: Tim reported that AT&T came through and showed interest in some of our property sites. The Advance site is being considered.</p> | <i>IT Dept.</i> | Summer 2014 |
| 13.11.2 | <p>Pat brought forward a concern about four classrooms in the two new schools where there appears to be no hiding place. They are the two behind the kitchen server areas both upstairs and downstairs. Pat wondered if blackout shades should be installed that could be pulled down when needed. Tim shared concern that when kids are in porches they could be seen from anywhere. Tim said we would solve this issue at both locations for these eight unique classrooms. Pat will install blinds. As we hear of unsafe situations, we will address them.</p> <p>1-22-14: Pam Garza is ordering what is needed for this issue.</p> | <i>Pam</i> | Feb 2014 |
| 13.11.2 | <p>District ID Badges – Tim will send out an email to principals reminding them that District ID Badges are the official badge – not school specific badges.</p> <p>1-22-14: Tim emailed principals about the official ID Badge.</p> | <i>Tim</i> | Completed |
| 13.11.3 | <p>Crosswalk issue at WLHS – Tim will work with a parent to solve the issue of people not stopping to allow people to cross safely.</p> <p>12-18-13: Pat and Tim met with the police dept. and there is a restructuring taking place that may eliminate some street parking to create a drop-off area. Civil engineering will be done to create an organization to the parent drop-off and safety to school for students. A formal assessment is being created.</p> <p>1-22-14: All efforts around solving this issue were put on hold. There is no designated place to drop students off. Tim brought in professionals (DKS Traffic Engineer) to recommend an interim plan to drop students off safely at WLHS. They will also review the entire site for traffic assessment. They will prescribe traffic movement, signage, etc. They are also studying Willamette to move the ADA parking as well as Bolton for drop off and pick up.</p> | | Summer 2014 |
| 13.12.2 | <p>Boones Ferry gym 1 floor was damaged by leaking, frozen sprinkler pipes. It will be closed until February 1st for repairs.</p> <p>1-22-14: Floor is curing.</p> | <i>Pat</i> | Feb 2014 |
| 14.1.2 | <p>Officer Keen brought an ORS which provides state required drills and instruction on fires, earthquakes, other safety threats. At least 30 minutes will be used for training with each drill. During the summer, Officer Keen will review all Wilsonville area safety plans. The “I Love You Guys” safety protocol is a good one to follow and we may be able to adopt this plan as our own. Tim will communicate this out.</p> | <i>Tim</i> | Feb 2014 |
