# B. MINUTES REVIEW:

The minutes from all

meetings are available on the website: <a href="http://www.wlwv.k12.or.us/Page/16137">http://www.wlwv.k12.or.us/Page/16137</a>

#### C. EXISTING ACTION ITEMS:

Description	Responsible Party	Status (due by)
Safety, Security, and Technology Upgrades		
6.21.2023		
<ul> <li>District will be doing a full audit of the FOB shelter lock batteries to ensure they will be ready for the new school year.</li> <li>Shelter lock has been discontinued. The district bid Key Scan to replace lock sets at WLHS. Due to the bid the district received we are putting the project on hold. Likely that WLHS will not be updated this summer. District working on a resolution for this.</li> </ul>	Pat McGough Jeff Chambers	Ongoing

Trillium Creek primary will be updated with the shelter lock system.  7.19.2023 Trillium Creek is moving along with their security upgrades. Including curtains, new entry and lock system.  9.20.2023 Trillium Creeks new system is functional and working. The system has been tested but FOBs have not been issued yet.  10.18.2023 District staff attended a training for the new FOB system and are continuing to learn to use the system. The system is active and staff is working with the principal on handing out FOBS when ready. West Linn High School is the last school that still needs a shelter lock system. The district will be going out for bid this fall and construction will be performed next summer. District has decided to hire 2 more School Safety & Engagement Specialists, one more for each high school.  11.28.2023 Trillium Creek completed their FOB training yesterday, staff are ready to use their FOBs and the new door hardware system. The 2 new Safety & Engagement Specialists have been hired. Now West Linn High School and Wilsonville High School both have 2 Safety & Engagement Specialists on campus full-time.  12.20.2023 Operations and IT are still meeting weekly. Isaac Force will start leading these meetings. Maintenance staff are continuing the installation of monitors at the Administration building as well as testing of the alarm systems.  1.24.2024 We're making preparations for the key scan system to be installed at WLHS this summer.  Prills 6.21.2023 All drills have been complete for the year! All schools met the requirements regarding drills for the year.  All schools have completed their September fire drills.  10.18.2023 Had a secure event at Bolton and West Linn High School which provided great feedback. WLHS will be performing a lockdown drill on next Friday that will be different from the usual drills they have been running (maybe during passing time).  The Great Shakeout is tomorrow 10/19. We have 7 schools

Maintenance staff are continuing the installation of monitors at the Administration building as well as testing of the alarm systems.  1.24.2024  We're making preparations for the key scan system to be installed at WLHS this summer.  Drills 6.21.2023  All drills have been complete for the year! All schools met the requirements regarding drills for the year.  7.19.2023  No drills during the summer.  9.20.2023  All principals have been notified of the drill requirements for the drills they need to complete throughout the year.  All schools have completed their September fire drills.  10.18.2023  Had a secure event at Bolton and West Linn High School which provided great feedback. WLHS will be performing a lockdown drill on next Friday that will be different from the usual drills they have been running (maybe during passing time).  Jeremy Nichols  Ongoing

## 12.20.2023 Schools did a great job finishing drills for the month of December. Jeremy will connect with new staff members who have questions in regards to drill protocol. Jeremy will also work with schools who need extra training on testing FOBs. 1.24.2024 Schools working to get January fire drills completed. We continue to see improvements in drills and are working closely with principals to make any adjustments that might be needed. Zach reported when a fire drill is scheduled right before lunch or at the end of day dismissal there are students who are leaving campus during the drill. This is causing a safety concern at Wilsonville HS. We will look into finding a way to communicate to students the importance around this topic and provide reasons why students should be present during a fire drill. There was a suggestion made to educate by showing a video on this topic on the TV's located throughout the high schools. **Environmental Testing** 6.21,2023 Have tested 6 schools for lead and water in regards to the HASS plan. 5 of the 6 schools are 100% clear and one school remaining, Stafford, one fixture had to replaced and retested. Lowrie radon temporary mitigation efforts during the Spring were effective. Working through the summer with partners to achieve a more permanent solution. Will be using continuous radon monitors throughout the summer to see what adjustments occur. 7.19.2023 Continuing with radon monitoring at Lowrie PS. Maintenance team will be meeting on 7/27 to discuss how things are going for the summer testing. Have completed all testing at six schools for lead/water testing and all schools have passed their testing. 9.20.2023 Radon monitoring at Lowrie is ongoing. All of the changes from the Spring are still in effect. The testing period is coming up in October. Lowrie's entire building will be tested for radon starting on October Jeremy Nichols Ongoing Lead testing will be continuing this fall. Jeremy to update as we start testing specific sites. 10.18.2023 Lowrie has passed their radon testing. 11.28.2023 There will be upcoming radon & lead testing performed in some of our buildings. Updated will be provided as the tests are completed. 12.20.2023 Radon tests are complete at Athey Creek and Riverside HS and the results came back below the action threshold. Testing at WHS is scheduled for January 8th. Results will be available for the next Safety Meeting. 1.24.2024 Wilsonville HS testing is complete and results came back under the threshold. There were questions about the canisters placed throughout the school and because of this, we will be more transparent in communication with schools before testing occurs.

Lead and water are next in the process of environmental testing.

Incident Reports 10.18.2023		
<ul> <li>The District Safety Committee will now be investigating all incident reports for district staff. Shyla did send a message to staff reminding to fill out the reports for any incidents. Since the message she had received two reports, one for a staff slipping on water and one from a teacher tripping over student backpacks. For these incidents she will send the committee an email. For other incidents the committee will discuss in our monthly meetings.</li> <li>11.28.2023</li> <li>Human Resources is working on a process for sending incident reports to the Safety Committee. Will have an update on the process for the December 20<sup>th</sup> meeting.</li> <li>12.20.2023</li> <li>The Safety Committee reviewed the process for employee incident</li> </ul>	Shyla Waldern Pat McGough	Ongoing
reports.		
There were two certified and 6 classified incidents reviewed. The root cause was identified and recommendations were made for each incident.		
Isolation Space in Buildings (OAR 581-022-2220)		
<ul> <li>12.20.2023</li> <li>The new ORS states that the district needs to provide a designated isolation space in all buildings. The district also has to train 1 staff member per every 60 students in a building. We do have until the end of the school year to address these items.</li> <li>1.24.2024</li> <li>Health rooms will be the designated isolation space in each building. The OAR focus group talked about new rules to follow. New rules will be rolled out slowly starting in the Fall of 2024 and finalized in November of 2025. The ERT team will remain in place and each school site shall have a minimum of one staff member with a current first aid card who are trained annually. The District is prepared for this process and the HR department will keep track of first aid certifications.</li> </ul>	Karen Pyeatt	Ongoing
Cleaning Sprays in Buildings 12.20.2023		
Staff need to ask for cleaning sprays and cannot bring their own products into the schools. District should communicate to staff these requirements and let them know that all Building Engineers can provide staff with cleaning supplies.  1.24.2024	Jeff Chambers Enrique Guillen	Ongoing
Building Engineers have been trained and will walk through proper use of cleaning supplies if needed. Jeff will communicate to		
principals about staff using district issued cleaning supplies.  Scents and Fragrances in Schools		
<ul> <li>12.20.2023</li> <li>There have been a lot of staff members bringing in plug-ins and fragrance spray cans. The district will communicate to staff that plug-ins are not allowed and will be taken if used in schools.</li> <li>1.24.2024</li> </ul>	Jeff Chambers	
Jeff will send a reminder email to principals about this topic.  Sefe and Wolcoming Schools		
<ul> <li>Safe and Welcoming Schools</li> <li>1.24.2024</li> <li>With the update of the Long Range Facilities Plan, one of the priorities is Safe and Welcoming Schools. The District Safety Committee will be the primary Focus group to provide input for a Task Force. Focus groups gather information to present to the Task Force and will make recommendations to the Long Range Planning Committee. The Safe and Welcoming Schools Task Force will need one member of the District Safety Committee to be a part of their Task Force. There is a Focus Group meeting scheduled for Feb. 7<sup>th</sup>.</li> </ul>	Pat McGough	

<ul> <li>School Safety Concerns</li> <li>1.24.24</li> <li>Social media threat made against two middle schools in the district. Staff is concerned and students feel unsafe at school. How does the district deal with these concerns? This topic will be discussed at DSLT.</li> </ul>	Pat Mcgough Jeremy Nichols	

### **NEW SAFETY COMMITTEE ISSUES/DISCUSSION:**

1.

2.

NEXT MEETING: February 21, 2024 – via Zoom at 7:00AM

Minutes were prepared by Mindy Schmitz (<u>schmitzm@wlwv.k12.or.us</u>). Please submit in writing any corrections to West Linn-Wilsonville District Safety Committee prior to the next meeting date; otherwise the minutes will stand as reported.
