B. MINUTES REVIEW:

The minutes from all meetings are available on the website: <http://www.wlww.k12.or.us/Page/315>

C. OUTSTANDING ACTION ITEMS:

| Item | Description | Responsible Party | Status (due by) |
|-------------|--|--------------------------|------------------------|
| 12.9.03 | Crisis Management Plan booklet updates: (archived some of the notes) 4-17-13: The updated booklets will be published this summer and distributed. 5-15-13: Tim and Cindy reported that the OSBA books will have another update before we can use them. They will add sections on lock in and lock out as well as intruder response. | <i>Committee</i> | Fall 2014 |
| 13.03.2 | District Safety and Health Plan – updated in 2006. Needs to be updated and add sections on student safety, building security, and flight teams. Kathe shared that a plan has been created around Hep B vaccinations. We will include this information in the Safety & Health Plan. 4-17-13: Updates are ongoing, the plan is posted online. 11-20-13: There is currently no common language and process. | | concerning. The governor is taking this seriously and plans to give consistency and prescribed action plans to all schools in Oregon. Tim is currently watching drills take place in our schools. | | |
| 13.03.3 | Review safety related board policies. Recommend updates when applicable (refer to letter dated 1/14/13 from Bill Rhoades) 4-17-13: Board policies are pushed out from Salem and reviewed on a regular basis. | | Summer 2014 |
| 13.03.4 | Cell Towers: We have a policy on cell towers, but we have found areas in our District where we have no or low cell reception – which is a safety issue for the District. 4-17-13: We are moving toward wanting to repeal the board policy on cell towers. Research is being done around cell towers in and around the district now. 5-15-13: Cell towers relate to safety since they are a strong part of our ability to communicate from building to building. We currently do not have full coverage. Curt has commissioned an audit of every building by a contractor. This report will inform us on where we have coverage challenges. Law and policies are being review. 10-16-13: Curt is working on this issue. | <i>IT Dept.</i> | Summer 2014 |
| 13.05.2 | In schools, specifically the science department, the topic of chemical storage should be discussed. 9-18-13: This is a site-based safety issue regarding proper storage. Pat and Doug will talk to Jim O’Connell about training and protocol. | <i>Lane</i> | Dec. 2013 |
| 13.11.2 | Pat brought forward a concern about four classrooms in the two new schools where there appears to be no hiding place. They are the two behind the kitchen server areas both upstairs and downstairs. Pat wondered if blackout shades should be installed that could be pulled down when needed. Tim shared concern that when kids are in porches they could be seen from anywhere. Tim said we would solve this issue at both locations for these eight unique classrooms. Pat will install blinds. As we hear of unsafe situations, we will address them. | <i>Pat</i> | Jan 2014 |
| 13.11.3 | Officer Keen shared that each building has a knoxbox on the outside where the local fire department keeps building keys. In some cases, the fire departments share access to these boxes. TVF&R has not shared access yet. They also discussed some way of identifying classrooms and exterior doors from the outside of a building so the area could be quickly identified. | <i>Pat</i> | Summer 2014 |
| 13.11.2 | District ID Badges – Tim will send out an email to principals reminding them that District ID Badges are the official badge – not school specific badges. | <i>Tim</i> | Dec 2013 |
| 13.11.3 | Crosswalk issue at WLHS – Tim will work with a parent to solve the issue of people not stopping to allow people to | | |
