Nursing Staff Safety/Health Updates		
6.15.2022		
• Numerous COVID tests left over so students will be allowed to take 2 boxes of tests home with them. Any additional tests will be available to staff members.		
7.20.2022		
• COVID is still pretty active. The District will continue to follow the		
requirements/recommendations put out by the County.		
 9.21.2022 For COVID people should isolate for 5 days. Day 0 through Day 5, 		
so actually need to be home for 6 days.		
• Schools needing more PPE. All schools should be stocked &		
building engineers should know where PPE is located.		
• Benefits meeting on 9/28 at Stafford – they will be giving free flu	Kanan Darasti	Onerine
shots.	Karen Pyeatt	Ongoing
10.19.2022		
• Air quality, yesterday 10/18. OSHA guidelines state you need to		
notify students/staff at certain air quality index points. OSAA also		
has their own guidelines for sports. District will continue to monitor		
air quality for the next few days.		
11.16.2022		
Have seen an increase in RSV cases so district will communicate out		
to staff ways that we can keep everyone safe.		
12.21.2022		
 No updates at this time. 1.18.2023 		
• COVID is still around but thankfully at this time everyone seems to		
be able to manage it on their own.		
Drills		
6.15.2022		
• Almost done with drills for the year! We have three schools that		
need to complete their June fire drills and then we will be done.		
7.20.2022		
• All drills have been completed for the year! Saw a progression		
throughout the year with drills. Operations staff working to update		
the Standard Response Protocol posters and booklets throughout the		
buildings.		
9.21.2022		
• Drills have been going well. All schools have completed their first		
fire drill and most are completing their lockdown drills.		
10.19.2022		
• Drills have been going well. District personnel has noticed that		
people are more prepared and the mindset has shifted about doing	Caitlin Sullivan	
drills and being prepared for emergencies.	Jeremy Nichols	Ongoing
11.16.2022	Jeff Chambers	-
• Drills are going well. Getting through the drills that are needed		
before schools go on Winter Break.		
• Might be a good idea to do some ERT drills at the schools. Pat to ask		
leadership about this.		
leadership about this.

 IT has implemented a new pre-drill announcement that will go out on the PA system before every drill (fire, shelter, lockdown) so that everyone knows a drill is occurring. Also have rolled out a 'softer' all clear announcement at each school. Would be great to have some protocols in place for building engineers to understand their roles in drills. Often when there is a sub for an engineer they are unsure what to do. Having an outlined protocol sheet would be beneficial. 		
True North		
 11.16.2022 Have gone through an extensive inventory for True North to provide them more information before they come to do the evaluation. 12.21.2022 		
• Pat and Jeremy had the initial meeting with True North. Interviews will begin in January with Admin. staff.	Pat McGough	Ongoing
1.18.2023	Jeremy Nichols	ongoing
• True North is in the process of doing school site interviews with principal's/front office staff.		
• Once True North has completed all of their assessments they will		
provide the District with recommendations. Hopeful that the recommendations provide some consistency across school sites.		
Environmental Testing		
12.21.2022		
 The District hired a new Environmental Technician. She has been working on updating Radon maps. Testing will begin in January at two schools. We'll begin water testing in the Spring in seven buildings. Testing for radon and lead is part of the HASS plan and being compliant. The IPM report will be presented to the Board at the February Board Meeting. 	Jeremy Nichols	Ongoing
1.18.2023		
 Radon testing at Wood and Lowrie in February. Water testing to occur after the radon testing, 7 schools to have water testing. Maintenance is also putting fence guard at numerous locations – just finished at Cedaroak and are currently working at Boeckman Creek. 		
Staircase Safety		
12.21.2022		
• A staff member at WLHS fell down the stairs inside the building. Adding a center railing would create more added safety and could provide a more functional way for traffic to flow. Pat will check with	Pat McGough	New
the architectural team to see if a middle rail could be accommodated.		
1.18.2023		
• Pat to check in on this. Also WLHS staff to check in with Steve Matthias to ensure that the new elevator is working correctly at WLHS.		

NEW SAFETY COMMITTEE ISSUES/DISCUSSION:

1.

NEXT MEETING: March 15, 2023 – via Zoom at 7:00AM

Minutes were prepared by Caitlin Sullivan (<u>sullivac@wlwv.k12.or.us</u>). Please submit in writing any corrections to West Linn-Wilsonville District Safety Committee prior to the next meeting date; otherwise the minutes will stand as reported.
