NEW SAFETY COMMITTEE ISSUES:

1. SUBMISSION: *The entrance to Boeckman Creek is unlit and dangerous. The lack of lighting makes can make it hard for children to been seen especially when many of the children are walking to school before or near sunrise each day. Many other families utilize this driveway in the evening for a variety of reasons creating the same potentially dangerous environment. Additionally, I believe that the lack of light can create apprehension in the students as they approach the school to start their day. Please consider adding LED lighting to the driveway to Boeckman Creek. If I can be further assistance, please let me know.*
