20.4-2	<p><b>COVID-19 Updates:</b></p> <p><b>4.17.2020:</b></p> <ul style="list-style-type: none"> <li>• All action items are on hold until the District has some relief from COVID-19. When the Governor relaxes social distancing guidelines, we will determine a new plan for each action item.</li> <li>• 3/12/20 Governor Brown ordered all public schools to close for two weeks beginning 3/16/20. In response, operations disinfected all spaces in all buildings. Social distancing was recommended.</li> <li>• 3/17/20 order was extended until 4/28/20. In response to extension, all buildings were closed to all staff, students and parents. Playgrounds were shut down and field spaces were closed. No organized activities at any site. Staff members were given access weekly to retrieve curriculum and supplies necessary for distance learning.</li> <li>• 3/25/20 District received formal OSHA complaint regarding social distancing. The complaint centered on a scheduled meeting for operations staff at Wilsonville High School. The meeting was canceled prior to receiving the complaint precisely because the District could not ensure social distancing. The OSHA complaint was dismissed.</li> <li>• 4/8/20 order was extended for remainder of school year. In response to closure for the remainder of school year, District administration is designing protocols for students and staff to retrieve personal items from each school site and teaching materials needed.</li> <li>• 4/17/20 Jeff Chambers, Mark Law and Pat McGough will meet with secondary principals to design protocols for retrieval of student's personal items and medication beginning 4/22/20. Middle schools and high schools scheduled for week of 4/20/20 and primary school scheduled for week of 4/27/20.</li> <li>• For those identified as high risk according to CDC guidelines are encouraged to stay home.</li> </ul> <p><b>5.20.2020:</b></p> <ul style="list-style-type: none"> <li>• On May 14<sup>th</sup> student retrieval was completed at primary schools for personal items. Middle school retrieval is scheduled for May 21<sup>st</sup> and 22<sup>nd</sup>. Jeff Chambers and Mark Law have been organizing pickups to make sure families and staff are following social distancing guidelines. Para-educators and classified staff will continue to be outside reminding families of social distancing guidelines. Retrieval of personal items at the High Schools will be scheduled soon.</li> <li>• Governor Brown's executive order does not mandate masks. The District cannot mandate that employees wear masks. If the District mandates wearing of masks, they have to provide N-95 masks. Certain employees have chosen not to wear masks but the District is actively working with these employees to encourage safety protocols under the governor's optional recommendations for wearing masks. If an employee requests a mask, the District can provide what's available. We need to inform them that they are only a covering and not true protection against the virus.</li> </ul> <p><b>6.17.2020:</b></p> <ul style="list-style-type: none"> <li>• ODE has issued guidance and protocols for the 2020-21 reopening. DSLT is developing a model plan tailored to all three levels: primary, middle and high. This includes a variety of protocols like cleaning buses, buildings, etc. Reopening of District facilities is tentatively scheduled for July 6<sup>th</sup>. This mostly includes outdoor spaces for youth sports but the District could make indoor spaces available for churches, up to 25 people. Jeff says he is meeting with District staff to develop a plan on how to staff buildings on the weekend.</li> <li>• Jeff says Pacific Sports Turf is redoing the field at Athey Creek. Two employees at Pacific Sports tested positive for COVID-19. Three of the District's grounds crew had contact with them for less</li> </ul>	<p><i>Pat McGough</i> <i>Jeff Chambers</i></p>	<p><i>Ongoing</i></p>

	<p>than 10 minutes. At this point, the three employees are off work and getting tested. The option is to have employees self-quarantine for 14 days. Shyla says under FERCA law; employees are paid for the time they are out. Human Resources consulted with the nursing team and Student Services to find out what the District responsibilities are for employees who are self-quarantined. Pat says there are guidelines being developed for “contact tracing.” Jeff says the results for testing are available within 36 hours. Karen says if they are tested but come back negative, they will continue to take 14 days off in case there’s a false negative. She says that whoever is exposed has to have enough of the virus in their body to test positive and sometimes there is a delay in testing positive. Karen and Staci agree that the testing should be done on day 14 of quarantine to make sure it’s safe to return to work. Jeff asks “what is actual exposure to the virus?” How do we determine who gets sent home and who gets tested? Pat says he will receive answers and send an update out to the committee.</p> <p><b>7.15.2020:</b></p> <ul style="list-style-type: none"> <li>• Staff will be required to wear face coverings. Some staff will be required to wear face shields. Robotics team at Wilsonville High School is creating a shield option for staff and have already produced more than 1,500 of them for health professionals.</li> <li>• Plexiglass is on order for barriers in front offices. Plexiglass barriers will also be used for isolation spaces for those who show signs of covid-19. Cloth masks will be ordered for every staff member and contemplating ordering one for each student as well (depending on if it becomes a requirement for our students to wear one).</li> <li>• District is still refining protocols for Ready Schools, Safe Learners – listening to feedback from all departments and potential participants who will be impacted. DSLT and administration is determining how to implement protocols. Staci Ball states that the union has questions, but unsure what questions might truly be until the blueprint is released.</li> </ul> <p><b>8.19.2020:</b></p> <ul style="list-style-type: none"> <li>•</li> </ul>

20-4.3	<p><b>Personal Protection Equipment (PPE):</b></p> <p><b>4.17.2020:</b></p> <ul style="list-style-type: none"> <li>• CDC recommended that N95 masks should be used by medical personnel. Risk was low to general population. Now they suggest that people wear masks to prevent spread. Masks offer no protection for the person wearing it. It's only used to prevent the spread. Currently, as of 4/17/20, wearing masks is optional not mandatory.</li> <li>• While strongly recommending the use of masks, the District's cannot mandate that employees wear them</li> </ul> <p><b>5.17.2020:</b></p> <ul style="list-style-type: none"> <li>• No update.</li> </ul> <p><b>6.17.2020:</b></p> <ul style="list-style-type: none"> <li>• Staci reports that she's received questions about gloves and face shields being provided by the District or if members need to purchase their own</li> <li>• Pat shares that there is a fire regulation around hand sanitizer. The size of the bottles are regulated. Pat will work with fire marshal to make sure the district is following the proper guidelines for hand sanitizer in schools.</li> </ul> <p><b>7.15.2020:</b></p> <ul style="list-style-type: none"> <li>• The district will be furnishing masks and the mask protection depending on the position. Nursing staff will be directing personally with potential cases and will be receiving hospital grade masks, gloves, gowns, etc. Disposable masks will be available onsite for any damaged masks. Gloves will also be available.</li> </ul> <p><b>8.19.2020:</b></p> <ul style="list-style-type: none"> <li>•</li> </ul>
