

WEST LINN-WILSONVILLE SCHOOL DISTRICT DEPARTMENT OF OPERATIONS

2755 SW Borland Rd Tualatin, OR 97062 Phone: 503.673.7995 Fax: 503.638.9143

District Safety Committee Agenda

Wednesday, September 16, 2020; 7:30 AM, WLWSD via Zoom

A. ATTENDEES:

Name	Location/Title	Present	Absent
Jeff Chambers	Facilities Manager	X	
Officer Jeff Halverson	West Linn HS, SRO	X	
Mark Law	Custodial Supervisor		X
Cindy Lindsley	Community Services Manager	X	
Pat McGough	Chief Operating Officer	X	
Officer Stephanie McCluskey	Wilsonville HS, SRO		X
Jeremy Nichols	OSEA Representative	X	
Karen Pyeatt	District Nurse	X	
Shyla Waldern	Director of Human Resources	X	
Stacia Wilson	WWEA Respresentative	X	

B. MINUTES REVIEW:

The minutes from all meetings are available on the website: http://www.wlwv.k12.or.us/Page/10597

C. EXISTING ACTION ITEMS:

Item	Description	Responsible Party	Status (due by)
20.1-14	 Drills 5.20.2020: No update. 6.17.2020: No update. 7.15.2020: No update 8.19.2020: Fire alarm testing has been happening in each of the buildings. Do drills need to take place while teachers are in buildings for CDL? Do we need for childcare? We will run what is required and appropriate 9.16.2020: No drills at this time. 	Pat McGough Cindy Lindsley Jeff Chambers	Ongoing

	Environmental Safety Concerns 6.17.2020:		
	• The District has a new Environmental Technician, Jeremy Nichols. Jeremy is in charge of all testing, recordkeeping and developing protocols.		
	 7.15.2020: We have our board approved (and updated plan) with ODE, will be uploaded to our district website under 'environmental safety' with assistance from Communications Manager. 		
	8.19.2020:		
20.1-12	• Our HAZ plan has been approved by ODE, currently working on mapping the entire district for new signage. Also working on room numbers (addresses), once these are fully developed then we will get these to SROs.	Pat McGough Jeff Chambers Jeremy Nichols	Ongoing
	9.16.2020:	Jeremy Michols	
	 New round of radon testing in October, must be tested by January 2021. May need to delay to end of October due to smoke. Jeremy has been working with Steve to update plan for three well water systems at Admin, Stafford, and Athey. Have a meeting with the county next week to go through the emergency plan. Those plans will be updated next week. Doing more water tests with Columbia that aren't due until the end of the year. We have received communication from a few community members who are concerned about Legionnaires Disease which was reported on the East Coast. It is not something we normally test for unless notified by Clackamas County. 		
	Long Range - Bond Planning		
	5.20.2020:		
	 Long range planning meeting held on May 13, 2020. Long range planning committee was also appointed to be the budget oversight committee for the 2019 bond program. Meetings will be scheduled quarterly. 6.17.2020: 		
	• There are two retiring members of the Bond Committee. Term ends on July 30, 2020. Applications will be accepted thru July 31, 2020 with board approval. There are two openings on the Long Range Planning Committee. Next meeting is scheduled for July 29, 2020.		
20.1-10	 7.15.2020: Long range planning has been tasked with developing site signage on vacant properties. There is a meeting scheduled this evening. Appointment of three new members will occur by the School Board in August 2020. 	Pat McGough	Ongoing
	8.19.2020:		
	 Next meeting is not until October, major turnover in community representatives. Board is currently reviewing applications. 9.16.2020: 		
	 On Monday night the board selected three new members for vacancies on the long range planning committee/bond oversight committee. We will have a work session on Monday night to redefine and give clear direction to the LRPC on their roles. 		
	Before and After School Childcare		
	 5.20.2020: Emergency childcare sight at Boones Ferry. Group of 10 stable students. 		
20.1-11	6.17.2020:	Cindy Lindsley	Ongoing
20.1 11	• No update.	Dr. David Pryor	Ungoing
	 7.15.2020: Dr. David Pryor, Pat, and Cindy met with Club K and Campfire about fall building use in coordination with schools. 		
	8.19.2020:		

Campfire Columbia will have an Essential Workers Emergency	
 Childcare service operating out of Willamette Primary effective August 31st. This will host about (30) children. The childcare program is not to instruct students as teachers, but instead similar to parent/sibling support (logging into CDL program, assisting with supplies for projects, etc) 9.16.2020: Programs at both Boones Ferry and Willamette are underway. Both programs canceled last Thursday, Friday, and Monday due to air quality. They are both back in buildings today and appreciated the district partnership/communication through the unpredictable 	
conditions.	
Safety Committee Membership	
 7.17.2019: Jeff Chambers discusses history of the safety committee and how it was formed. Staci Ball will continue as the teacher representative. 9.18.2019: Connecting the DSLT with the safety committee. Guest, Andrew Kilstrom is attending to discuss new board policies. Aaron and Pat will create draft of bi-laws and create membership guidelines. Pat says Doug Nimrod, Pam Garza, and himself are part of the original will create draft of the safety committee. 	
safety committee.	
 10.16.2019: Aaron is creating a draft of by-laws. 	
11.20.2019:	
 Aaron passes out draft of bylaws. In accordance with Oregon State Law and WLWV School District policy EB, the district safety committee will meet once a month with the following standing members: Director of Operations, Facilities Manager, Maintenance Supervisor, Custodial Supervisor, School Resource Officers. In addition, the following rotating members will attend: WWEA-Primary, WWEA-Secondary, WWEA-Nursing, OSEA-Secretarial, OSEA-Custodial, and OSEA-Maintenance. Pat and Staci say it's important not to interfere with daily instructional schedules at the schools. The District includes maintenance and custodial staff because it does not impact their schedules as much as the teachers in the schools. Aaron says it's a delicate balance between finding the right members and those who have flexibility with their schedules so we don't have to find substitutes. Josh and Staci discuss designating officials from WWEA. Pat says in the past WWEA asked for volunteers and no one stepped forward. Looking for safety committee members from OSEA and WLEA. Discussion about bylaws and connection with District Safety 	
Leadership Team.	
12.18.2019:	
Ongoing.	
1.14.2020:	
• Pat and Aaron discuss longevity of safety committee membership. Pat says the first meeting he attended was in September 2000. Shyla is joining the safety committee as the director of human resources. Brittany Bucholz will be joining as a WWEA representative.	
2.19.2020:	
• Nothing to report.	
4.17.2020:	
• Nothing to report.	
 5.20.2020: Nothing to report. 	
6.17.2020:	
• We have a new member, Karen Pyeatt, representing the nursing	
team. Cindy Lindsley will return as the Community Services	

			,
	Manager. There will be up to two new WWEA members joining the		
	committee.		
	7.15.2020:		
	Nothing to Report		
	8.19.2020:		
	• Welcome to our new WWEA Representative – Stacia Wilson. We		
	also have Dr. Jennifer Spencer-Iiams as a special guest appearance		
	to discuss the upcoming school year and blueprint.		
	9.16.2020:		
	• We will be sending all committee members a draft of the bylaws.		
	Hope to approve this by the next meeting.		
	Safety, Security, and Technology Upgrades:		
	11.20.2019:		
	• Now that the bond has passed with over forty percent voter turnout,		
	passing at sixty percent and levy passing at over seventy percent, we		
	will discuss the safety and security upgrades and technology		
	upgrades throughout the District.		
	12.18.2019:		
	• Ongoing.		
	1.15.2020:		
	• Pat says facilities will work with IT to develop calling systems in		
	classrooms to reach 911 in case of an emergency.		
	2.19.20:		
	 Pat M. and Jeff C. will meet with the building engineers on 2/19/20 		
	• Fat M. and Jen C. will meet with the building engineers on 2/19/20 to discuss upgrades.		
	4.17.2020:		
	• See COVID-19 update. 5.20.2020:		
	• Five primary schools set to receive safety upgrades. Project is out for hid on 5.21.20. Construction will be significant be and encourse of the		
	bid on 5.21.20. Construction will begin after board approval of the		
	contracts. Bids are out for secure entries at Boeckman, Bolton, West		
	Linn High, Wilsonville High, Sunset and Meridian.		
	• The District will work with West Linn Police Department about		
	providing space for training. Officer Halverson says Sergeant		
	Garland, previous SRO for Clackamas Community College will	Pat McGough	
20.1-4	work out dates between June 15 and July 15, 2020.	Jeff Chambers	
	6.17.2020:	0.00	
	• Contracts for five primary schools are issued and construction is in		
	progress at Boones Ferry, Rosemont, Stafford, Cedaroak Park and		
	Lowrie.		
	7.15.2020:		
	• Projects are underway at five schools to reconstruct entries		
	(including shelter lock systems for classrooms) and expected to be		
	complete late August (before school year).		
	• There will be some items that will be completed after school such as		
	re-keying.		
	• Jeremy Nichols will be re-numbering all rooms district wide.		
	8.19.2020:		
	• Delay in school means that secured entries will have more time for		
	completion.		
	9.16.2020:		
	• We are currently in the process of completing five schools with new		
	secure entries similar to Meridian Creek, Sunset, Boeckman Creek		
	that pushes people through the front office. Will be complete before		
	students have the opportunity to return.		
	• We have made substantial purchases for students; we have supplied		
	hot spots, worked with cable providers, etc.		
	• All sites have been surveyed by Jeremy and Adam (bond) and are		
	coming up with consistent numbering edits to make building		
	numbers uniform. Matching ADA compliant labels on every room.		
	numbers uniform. Fracening rubry compliant labers on every foom.		I

	Nursing Staff Safety/Health Updates		
	4.17.2020:		
	• See COVID-19 update.		
	5.17.2020:		
	• No update.		
	6.17.2020:		
	• Karen says the District is continuing to work with neighboring		
	Districts to find what is needed this fall. It's an ongoing summer		
	project.		
20.2.1	7.15.2020:	V D ···	
20.2-1	• Continuing with virtual meetings, no new updates to report at this	Karen Pyeatt	
	time.		
	8.19.2020:		
	• No update at this time. 9.16.2020:		
	 We are continuing to work with community partners to create plans and systems for when students to return to buildings. Discussion of 		
	limited learning for some students in the not-so-far future.		
	Determining how to do that safely. Testing and timely responses is		
	the key piece so this. Students may require transportation; First		
	Student would be ready for this.		
	COVID-19 Updates:		
	4.17.2020:		
	• All action items are on hold until the District has some relief from		
	COVID-19. When the Governor relaxes social distancing guidelines,		
	we will determine a new plan for each action item.		
	• 3/12/20 Governor Brown ordered all public schools to close for two		
	weeks beginning 3/16/20. In response, operations disinfected all		
	spaces in all buildings. Social distancing was recommended.		
	• 3/17/20 order was extended until 4/28/20. In response to extension,		
	all buildings were closed to all staff, students and parents.		
	Playgrounds were shut down and field spaces were closed. No organized activities at any site. Staff members were given access		
	weekly to retrieve curriculum and supplies necessary for distance		
	learning.		
	 3/25/20 District received formal OSHA complaint regarding social 		
	distancing. The complaint centered on a scheduled meeting for		
	operations staff at Wilsonville High School. The meeting was		
	canceled prior to receiving the complaint precisely because the		
	District could not ensure social distancing. The OSHA complaint		
20.4-2	was dismissed.	Pat McGough	Ongoing
	• 4/8/20 order was extended for remainder of school year. In response	Jeff Chambers	0.000.00
	to closure for the remainder of school year, District administration is		
	designing protocols for students and staff to retrieve personal items		
	from each school site and teaching materials needed. $4/17/20$ Leff Chamberg Made Lew and Dat McCouch will meet with		
	• 4/17/20 Jeff Chambers, Mark Law and Pat McGough will meet with		
	secondary principals to design protocols for retrieval of student's personal items and medication beginning 4/22/20. Middle schools		
	and high schools scheduled for week of $4/20/20$ and primary school		
	scheduled for week of $4/27/20$.		
	• For those identified as high risk according to CDC guidelines are		
	encouraged to stay home.		
	5.20.2020:		
	• On May 14 th student retrieval was completed at primary schools for		
	personal items. Middle school retrieval is scheduled for May 21 st and		
	22 nd . Jeff Chambers and Mark Law have been organizing pickups to		
	make sure families and staff are following social distancing		
	guidelines. Para-educators and classified staff will continue to be outside reminding families of social distancing guidelines. Retrieval		
	of personal items at the High Schools will be scheduled soon.		
	or personar nemis at the ringh sentoors will be sentedured soon.		I

	• G	overnor Brown's executive order does not mandate masks. The	
	D	istrict cannot mandate that employees wear masks. If the District	
		andates wearing of masks, they have to provide N-95 masks.	
		ertain employees have chosen not to wear masks but the District is	
		ctively working with these employees to encourage safety protocols	
		ider the governor's optional recommendations for wearing masks.	
		an employee requests a mask, the District can provide what's	
		vailable. We need to inform them that they are only a covering and	
		ot true protection against the virus.	
6.	17.2020:		
		DE has issued guidance and protocols for the 2020-21 reopening.	
	D	SLT is developing a model plan tailored to all three levels:	
	pi	imary, middle and high. This includes a variety of protocols like	
	cl	eaning buses, buildings, etc. Reopening of District facilities is	
	te	ntatively scheduled for July 6 th . This mostly includes outdoor	
		baces for youth sports but the District could make indoor spaces	
		vailable for churches, up to 25 people. Jeff says he is meeting with	
		istrict staff to develop a plan on how to staff buildings on the	
		eekend.	
		off says Pacific Sports Turf is redoing the field at Athey Creek.	
		wo employees at Pacific Sports tested positive for COVID-19.	
		hree of the District's grounds crew had contact with them for less	
1		an 10 minutes. At this point, the three employees are off work and	
1		· · ·	
1		etting tested. The option is to have employees self-quarantine for	
		4 days. Shyla says under FERCA law; employees are paid for the	
		me they are out. Human Resources consulted with the nursing team	
		nd Student Services to find out what the District responsibilities are	
		r employees who are self-quarantined. Pat says there are guidelines	
		eing developed for "contact tracing." Jeff says the results for testing	
		re available within 36 hours. Karen says if they are tested but come	
		ack negative, they will continue to take 14 days off in case there's a	
	fa	lse negative. She says that whoever is exposed has to have enough	
	0	f the virus in their body to test positive and sometimes there is a	
	d	elay in testing positive. Karen and Staci agree that the testing	
	sł	hould be done on day 14 of quarantine to make sure it's safe to	
	re	turn to work. Jeff asks "what is actual exposure to the virus?" How	
		o we determine who gets sent home and who gets tested? Pat says	
		e will receive answers and send an update out to the committee.	
7.	15.2020:	-	
5		taff will be required to wear face coverings. Some staff will be	
		quired to wear face shields. Robotics team at Wilsonville High	
		chool is creating a shield option for staff and have already	
		roduced more than 1,500 of them for health professionals.	
	-	-	
		lexiglass is on order for barriers in front offices. Plexiglass barriers	
		ill also be used for isolation spaces for those who show signs of	
		ovid-19. Cloth masks will be ordered for every staff member and	
		ontemplating ordering one for each student as well (depending on if	
		becomes a requirement for our students to wear one).	
		istrict is still refining protocols for Ready Schools, Safe Learners -	
ł		stening to feedback from all departments and potential participants	
	W	ho will be impacted. DSLT and administration is determing how to	
		nplement protocols. Staci Ball states that the union has questions,	
		at unsure what questions might truly be until the blueprint is	
		leased.	
8.	19.2020:		
		eady Schools, Safe Learners metrics have shifted but plan is	
		verall the 'same'. Jennifer Spencer Iiams and District Safety	
		eadership team have taken the lead and shares updates that	
1		incipals will have to assist by talking about the specific building	
		bace components (entry points, exit points, etc). How are we	
		ipporting our mission of education and belonging and support for	
		ir families/students. How do we reduce the risk of pandemic?	
1	0	a rannines/students. How do we reduce the fisk of pandefille?	

 Have been a number of staffing changes due to the number of students enrolled in the online program. Health and Safety for the blueprint are on pause and working on Comprehensive Distance Learning. Got these in before the deadline on Monday before midpidt. Now need to return and finish the other components of the blueprint. Because of the percentage of staff who reside in Washington and Multmomath Counties, we need to use their metrics as well before we can allow students back into buildings for instruction. Limited In Person Instruction (L1I) may be a possibility in the coming months as it has a different metric – no students or staff at the school could have that a covid positive test for 14 days. We are still delving into these details, there's many questions still (social distancing protocol plan, isolation spaces, face coverings protocols, etc). Students may only be on campus for up to 2 hours: must be in cohorts of (10); staff may interact with only up to three cohorts; students may only increat with only up to three cohorts; who have not solation spaces with 11. Could we have a building accessible for our families to have internet access? Would we have a metric that we would consider for L17? With cases on the rise, the answer could easily be no…but in contrast, it might be a while before we meet the criteria for hybrid? We do have the K-3 exemption to consider and perhaps this is the threshold that we look at for L17 Perhaps we consider a single location that's central to the district resumption to chase and work on the district result on the disk in the origin and work in the district? Tighter mask mandate begins effective August 31.⁴ You are to have a social distance captain who is charged with reminding people about wearing masks in the offer beas on the rise, the district results were bead on the district? Tighter mask mandate begins effective August 31.⁴ You are to have a social distance captain who is charged with re

Limited In-Person Instruction (LII) may be a possibility in the coming months as it has a different metric – no students or staff at the school could have had a covid positive test for 14 days. We are still delving into these details, there's many questions still (social distancing protocol plan, isolation spaces, face coverings protocols, etc.). Students may only be on campus for up to 2 hours; must be in cohorts of (10); staff may interact with only up to three cohorts; students may only interact with up to two cohorts (bus, classroom). Create a criteria matrix to determine student progress to meet their district needs to weigh against the risks with LII. Could we have a building accessible for our families to have internet access? Would we have a metric that we would consider for LII? With eases on the rise, the answer could easily be no…but in contrast, it might be a while before we meet the criteria for hybrid? We do have the K-3 exemption to consider an aggle location tha's central to the district? It might be possible to connect with OHA to check in weekly on report of new cases within the district? Tighter mask mandate begins effective August 31st. You are to have a social distance capatin who is charged with removing masks in the office but also in transition between spaces, etc. If you are isolated and you are by yourseff, then you don't need to mask up. Just having a mask on isn't enough, we need to ensure people are wearing them over their mouth AND nose. 9.16.2020 The district is monitoring the health metrics for the tri-county merge (Washington, Multnomah, Clackamas). We must meet metrics in all three conties to have students re			
 components of the blueprint. Because of the percentage of staff who reside in Washington and Multomah Counties, we need to use their metrics as well before we can allow students back into buildings for instruction. Limited In-Person Instruction (LII) may be a possibility in the coming months as it has a different metric – no students or staff at the school could have had a covid positive test for 14 days. We are still delying into these details, there's many questions still (Social distancing protocol plan, isolation spaces, face coverings protocols, etc.). Students may only be on campus for up to 2 hours; must be in cohorts of (10); staff may interact with only up to three cohorts; students may only interact with out pu to three cohorts; students may only interact with up to two cohorts (bus, classroom). Create a criteria matrix to determine student progress to meet their districit needs to weigh against the risks with LII. Could we have a building accessible for our families to have internet access? Would we have a metric that we would consider for LII? With cases on the rise, the answer could easily be no…but in contrast, it might be a while before we meet the criteria for hybrid? We do have the K-3 exemption to consider and perhaps this is the threshold that we look at for LII? Perhaps we consider a single location that's central to the district? It might be possible to connect with OHA to check in weekly on report of new cases within the district? Tighter mask mandate begins effective August 31st. You are to have a social distance captain who is charged with reminding people about weaning masks in the office but also in transition between space, etc. If you are isolated and you are by yourself, then you don't need to mask up. Just having a mask on isn't enough, we need to ensure people are wearing them over their mouth AND nose. 916.2020: The district is monitoring the health metrics for the tri-county merge (Washi		1 0

 We do have the K-3 exemption to consider and perhaps this is the threshold that we look at for LII? Perhaps we consider a single location that's central to the district? It might be possible to connect with OHA to check in weekly on report of new cases within the district? Tighter mask mandate begins effective August 31st. You are to have a social distance captain who is charged with reminding people about wearing masks in the office but also in transition between spaces, etc. If you are isolated and you are by yourself, then you don't need to mask up. Just having a mask on isn't enough, we need to ensure people are wearing them over their mouth AND nose. 9.16.2020: The district is monitoring the health metrics for the tri-county merge (Washington, Multnomah, Clackamas). We must meet metrics in all three counties to have students return for in-person-instruction. As of yesterday, the metrics for three weeks, we will be in CDL. On Monday night, the school board approved all 16 operational blueprints for every school that Student Services compiled. We can now submit these to the state for approval. We are prepared to bring back K-3 students, should the metrics allow that. There will be many moving pieces to prepare for this transition.

moving pieces to prepare for this transition.			
Smoky conditions – HVAC systems. HVACs were set to pull in			
	•		
outside air to indoorsthat worked well until the smoke started up.			
It's a push and pull, we don't want to bring in smoke, but if we don't			
run the ventilation, then perhaps people shouldn't be in the building			
due to Covid-19. Updating hourly/daily and monitoring air quality			
index.		шисл.	

	Personal Protection Equipment (PPE):
	 4.17.2020: CDC recommended that N95 masks should be used by medical personnel. Risk was low to general population. Now they suggest that people wear masks to prevent spread. Masks offer no protection for the person wearing it. It's only used to prevent the spread. Currently, as of 4/17/20, wearing masks is optional not mandatory. While strongly recommending the use of masks, the District's cannot mandate that employees wear them
	5.17.2020:
	• No update.
	 6.17.2020: Staci reports that she's received questions about gloves and face shields being provided by the District or if members need to purchase their own Pat shares that there is a fire regulation around hand sanitizer. The size of the bottles are regulated. Pat will work with fire marshal to make sure the district is following the proper guidelines for hand sanitizer in schools.
20-4.3	7.15.2020:
	• The district will be furnishing masks and the mask protection depending on the position. Nursing staff will be directing personally with potential cases and will be receiving hospital grade masks, gloves, gowns, etc. Disposable masks will be available onsite for any damaged masks. Gloves will also be available.
	8.19.2020:
	 Mark and Jeff have been purchasing masks, gloves, sanitizer – continuing to monitor inventory as able. Gloves are going to be more challenging to get, so we are stocking up as best as able and look at other types of gloves. We have not received our safety shields yet, not as big of an urgent
	need with school not starting in buildings this week – but still would
	like to have some on hand. 9.16.2020:
	We received equipment through FEMA (face masks, face shields,
	gloves). We also received face shields from our West Linn High School and Wilsonville High School robotics team. Will be available to staff that request them. We will not be purchasing the equipment
	for the district nurses as we don't know the equipment that would be most helpful. Nursing teams will have conversation.

NEW SAFETY COMMITTEE ISSUES/DISCUSSION:

- 1. Crosswalk at Rosemont Ridge Middle School, perhaps some helpful signage to identify this area for driver's. Jeff Chambers to assist with this.
- 2.

NEXT VIRTUAL MEETING: October 21, 2020 – Zoom, 7:30 AM

Minutes were prepared by Cindy Lindsley. Please submit in writing any corrections to West Linn-
Wilsonville District Safety Committee prior to the next meeting date; otherwise the minutes will
stand as reported.lindslec@wlwv.k12.or.us
