### WEST LINN –WILSONVILLE SCHOOL DISTRICT UNDERSTANDING THE WLWV SCHOOL DISTRICT BUDGET, FISCAL YEAR 2023-2024

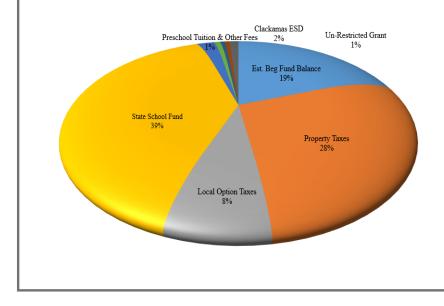

School budgets can be challenging to read or understand. We have produced this document to provide an easy-to-understand summary of the WLWV School District budget and to answer the questions we hear most often about our General Fund Budget:

- Where does the money come from?
- What does the money pay for?
- What about other funds?

To learn more about the WLWV School District's Budget, please visit our website at: <u>https://www.wlwv.k12.or.us</u>

### Where does the money in the WLWV School District General Fund Budget come from?

The largest portion of WLWV School District's General Fund Revenue comes from the State School Fund (SSF). The Oregon Department of Education (ODE) determines the total funding that each school district receives based on the amount of permanent rate property tax revenues collected state-wide, and the number of students in each district.

In the 2023-24 Budget document, SSF makes up 39%, Permanent Property Taxes make up 28%, Local Option Taxes make up 8%, CESD makes up 1%, and the estimated Beginning Fund Balance makes up approximately 19% of the total revenue.

Local Option Taxes are a five-year voter-approved levy that was most recently approved in November, 2019.

What does the money in the General Fund budget pay for? Budgeted spending can be viewed in two ways: by program or by account category. Programmatic use separates spending by teachers in classrooms, classroom and building support, central administrative services, and other programs. Categories of spending includes all programs but breaks out types of expenses: salaries and benefits, supplies and materials, services, etc.

The largest share of the WLWV School District General Fund budget supports direct instruction, including classroom teachers and special education. Central Support and Administration include central office functions such as the Department of Operations, Business Office, Human Resources, Information Technology, Teaching and Learning, Student Services, and Board of Education.

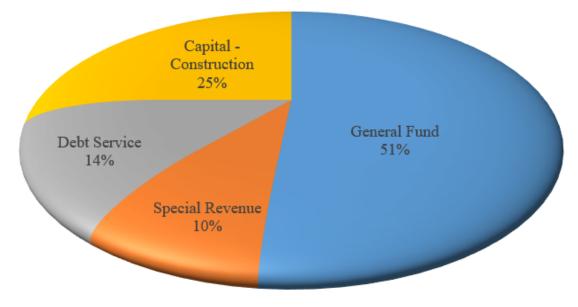

Are there other funds in the WLWV School District budget? The WLWV School District budgets and accounts for money in a number of other funds other than the General Fund: 1) Special Revenue Funds are specifically dedicated revenues such as federal, state, and local grants, 2) Debt Service Funds provide for payment of principal and interest on General Obligation Bonds and PERS Bonds, and 3) Capital Project Funds are for the construction or renovation of school facilities, acquisition of technology, and other capital purchases.

### SUPERINTENDENT'S BUDGET MESSAGE FOR THE 2023-2024 SCHOOL YEAR

Dear West Linn-Wilsonville School District Budget Committee Members and Community:

I respectfully submit the West Linn-Wilsonville School District proposed budget for 2023-2024 in accordance with ORS 294.391.

The District Budget for 2023-2024 proposes:

- \$156,284,722 in the General Fund
- \$29,248,334 in the Special Revenue Fund
- \$41,356,038 in the Debt Services Fund
- \$75,709,650 in the Capital Projects Fund

Together, the funds demonstrate a balanced budget of revenue and expenditures that meet federal and state regulations and align with the District Goals; the District Continuous Improvement Plan, the District Equity Action Plan, and individual School Work Plans.

#### **PART 1: Public School Budget Sources**

Public school districts are funded through a variety of sources.

#### **General Fund:**

#### **State School Fund (SSF)**

With a shift to a primarily state-funded school system, school districts receive the vast majority of their funding through the State School Fund, into their General Budget (ORS 327.008). To achieve equalized per-student funding, the current formula reduces state aid if local revenues per student are high and increases state aid if local revenues per student are low. The formula uses five different methods to adjust for cost differences among school districts: Teacher experience adjustment, Transportation grant, Facility grant, High cost disability grant and Weighted student count.

#### **Property Taxes**

Annual property taxes are also collected for school districts, ESDs, and community colleges at a regulated rate. As mentioned above, state funds and local funds work together to balance the amount allocated to districts across the state in an equalization effort.

#### **Local Option Levy**

Under Oregon's property tax law, a local option levy gives individual communities the ability to supplement state funding for their local schools. In November 2019, voters in West Linn and Wilsonville renewed a four-year local option levy, at a rate of \$1.50 per \$1,000 of assessed value. Local option taxes in our district are used to fund teachers at all schools to sustain effective class sizes.

#### **Special Revenue:**

School districts also receive funds through federal or state grants. These grants are accountable to special spending criteria.

#### A. Federal IDEA and Title Grants

The Office of Special Education Programs administers three formula grant programs authorized by the Individuals with Disabilities Education Act (IDEA). These formula grants are awarded to states annually to support children experiencing disabilities Birth through age 21.

Title funds are annual federal monies that are meant to supplement, not replace, existing state funding for education, for example:

- Title I funding provides programming for students from low-income families. The money must go toward helping these learners meet challenging and relevant academic state standards.
- Title 2 funding supports teacher, principal, administrator, and staff professional development.
- Title 3 funding is for English Language Learners (ELL) and immigrant students.

#### **B.** State Grants:

#### I. High School Success Grant (Measure 98)

The state-funded High School Success Grant (HSSG) targets improvement to graduation rates through expansion of Career & Technical Education (CTE) Programs, addressing chronic absenteeism, and providing interventions that reduce drop-out rates. School districts apply for funds that must be spent to implement three strategies:

- 1. Establish or expand drop-out prevention strategies in high schools,
- 2. Establish or expand college-level educational opportunities for high school students, and
- 3. Establish or expand career and technical education programs in high schools.

In West Linn-Wilsonville, we have developed a strategic plan for allocating HSSG funds to impact all three of these areas that connect to school attendance, graduation and a student's aspiration for college, career and beyond. This grant awards funds based on the number of high school students in each school district.

#### II. Student Success Act: Student Investment Account (SIA) Grant

In 2018, voters approved a Corporate Activities Tax allocating funds each biennium towards the Student Success Act. The Student Success Act proportions each year towards 3 funds: Statewide Education Initiatives, Early Learning Account and the Student Investment Account (SIA).

The Student Investment Account (SIA), is an annual, non-competitive grant fund for all Oregon school districts and eligible charter schools. This money has two purposes: 1) Meet students' mental and behavioral health needs and 2) Increase academic achievement and reduce academic disparities for students who have historically experienced disparities in our schools.

Extensive community engagement informed the goals within the district's Continuous Improvement Plan and the priorities outlined in the district's Student Investment Account (SIA) Grant application. This grant awards funds based on the weighted student count in each school district.

#### **Capital Projects:**

The revenue in this fund comes primarily from Capital Bond tax sources, Land Sales, or Construction Excise Tax. Each of these areas of revenue and expenditure must meet federal, state or county requirements and regulations.

#### **PART 2:** Steps in Assembling a School District Budget

In the process of assembling a school budget, the district:

- Step 1: Begins by "rolling forward" the level of staffing, programs and services from the current year into the new year.
- Step 2: School and district leaders evaluate programs, operations and staffing levels based on projected need.
- Step 3: Community input is collected through a survey of staff, parents and patrons regarding key investment priorities.
- Step 4: Adjustments are made based on survey results and any new information from federal, state or local funding sources.
- Step 5: Lastly, a proposed budget is brought to the Budget Committee.

**Key Investment Strategies** (mentioned in Step 3) are those that are research-based or proven to exemplify the quality of learning and the quality of care every parent wishes for their child. Key investments that our community has identified include:

- Hiring and developing the most qualified professionals who provide expert instruction for all students, including students with diverse learning needs;
- Prioritizing and delivering high quality professional learning experiences, systems, curricula and supports that impact instruction in the classroom on a daily basis;
- Developing and sustaining strategies that increase time for learning, including a full academic school year and full academic schedules for all students;
- Maintaining effective class sizes while strengthening counseling, teacher-librarian, special education, operations and information technology support;

- Expanding and supporting strong early childhood programs: Pre-K and Kindergarten;
- Providing instructional and programmatic supports for mental and behavioral health needs;
- Utilizing School Equity Teams and districtwide initiatives to eliminate systems of racism and increase equity & access for all students;
- Expanding Advanced Placement and other college level courses in our high schools;
- Providing enriched and comprehensive programming for the performing and visual arts, world and dual language, athletics, activities and wellness across all schools;
- Expanding STEM and CTE Programs and related experiences in science, technology, engineering, journalism, health sciences, business/marketing and mathematics;
- Offering Online and Blended Learning options to students and families which expands course offerings and provides flexible learning environments and pacing for students; and,
- Maintaining responsible stewardship of our facilities, grounds, and other property assets.

#### Feedback from Community:

A survey was sent out to the community in mid-April asking for feedback regarding these key investments and which they would prioritize for the new fiscal school year, 2023-2024. The District received close to 600 survey responses. The feedback was collected, analyzed and applied when evaluating these investments within the proposed budget, such as these top responses:

- ☑ Hiring quality staff and providing effective classroom support systems
- ☑ Effective class size ranges
- ☑ Providing quality curriculum and curriculum support
- $\blacksquare$  Support for mental health and behavioral needs

#### Measuring the Outcomes of Our Investments

We measure the outcomes of our investments by collecting, analyzing and utilizing a broad range of evidence:

- Graduation rates West Linn-Wilsonville has the highest in the state of Oregon for multi-high school districts
- Drop-out rates West Linn-Wilsonville schools continue to make important strides in keeping students engaged in school, K-12
- Regular Attendees We monitor and respond to data that helps us work with students who have chronic absenteeism
- 9<sup>th</sup> Grade On Track We monitor and respond to data that helps us focus strategies and support to students in their first year of high school
- Student participation in AP courses, IB courses and Dual Credit classes at our high schools
- Oregon Department of Education District and School Report Cards
- Oregon State Assessments (OSAS) that provide academic *benchmark* data (G. 3-5, 8, 11) aligned to college and career readiness
- District-administered Interim and Formative Assessments that provide academic *growth or achievement* data. These types of assessments (standards-based or skills-based measures, tests, grades, etc.) provide valuable information to help students monitor their own learning; help teachers adjust and prepare strategically for new learning; and help school and district leadership teams effectively plan where broad-based as well as targeted new learning, instruction and resources are needed

• Anecdotal data from student, staff and community surveys (e.g. Panorama) and district- or school-based information forums

#### Part 3: Reporting the Budget for 2023-2024

The West Linn-Wilsonville School District 2023-2024 General Budget proposal is based on a \$9.9 billion State School Fund biennium. While \$9.9 is an increase from the past biennium (\$9.3 billion), it does not adequately address the cost to "roll forward" and maintain current programs and personnel. It is well below what is needed to adjust for payroll increases, increases in insurance costs, increases in materials and utilities costs, and the national rise in inflation (Consumer Price Index). School District Business Managers in Oregon calculate that Current Service Level for the biennium of 2023-2025 should amount to a \$10.3 billion State School Fund.

#### For the 2023-2024 District Budget we have made the following working assumptions:

#### **General Fund Revenue:**

- State revenue of \$9.9 billion for the biennium (49% of the biennial allocation in 2023-2024; 51% in 2024-2025)
- State School Fund of \$61,590,314
- Property Taxes of \$44,048,763
- ADM projected at approximately 9,100 students; however, funds calculated using ADMw 10,410 from 2022-2023
- Projected Local Option revenue of \$12,929,931
- Utilization of Regional ESD funds appropriated to the district of \$3,138,989

#### **Special Revenue Grants:**

- High School Success Grant of approximately \$2.8 million
- Student Investment Account Grant of \$6.9 million

#### **Reserves (ending-fund-balance):**

• Carry-over of approximately \$30,162,427 as of March 31, 2023 ending fund balance

#### **Expenditures:**

- Rolling forward of current service level (staff, programs, operations)
- Increased personnel costs to honor negotiated contracts that include increases in cost of living (COLA), years-of-service step increases, and health insurance;
- Increased hours/benefits to para educator classified staff to provide additional support and scheduled time for training and collaboration;
- Increased cost in PACE insurance (10-15% increase);
- Increased costs for utilities, transportation, materials, supplies and purchased services for all buildings and adjusting for expansion across the district;
- Additional costs with new Riverside High School (administrators, teaching staff, support staff, operating budget)
- Additional staffing positions to support K-5 Literacy renewal curriculum and professional development (6 Reading Coaches); and

• Additional administrators (2 high), TOSAs (2 middle) and support staff (2 primary) to build educator capacity in working with diverse needs of students and increasing the collaboration necessary to achieve school goals.

#### Inadequate State School Fund Depletes Reserves for 2023-2024 budget

With only a \$9.9 billion state school fund, districts across Oregon are making difficult decisions regarding their ability to roll forward with current staff and programs. For some, it means reductions in staff or programs next year. For others, it means depleting reserves for one or both years in order to keep a current service level.

In West Linn-Wilsonville, we will expend a large portion of our ending-fund-balance from 2022-2023 (reserve) in order to roll forward our current service level as well as provide the additional staffing outlined above. To be clear, this is not a sustainable practice. The use of reserves is a "one-time" fix. Depleting reserves means that the second year of the biennium will be impacted by having less to draw upon. We are hopeful that legislators will be responsive to advocacy efforts still going on at this time and will increase the state school fund while time allows. Otherwise, like other districts, we anticipate making reductions in the second year of the biennium.

#### **PART 4: Recognition of Our Community**

- I wish to recognize the leadership of our School Board members. We appreciate your volunteer service that includes countless hours meeting with patrons, attending school and district events while leading the district. We appreciate your belief and support in the professional expertise and commitment to students by our staff and administrators. We appreciate your courageous advocacy for inclusion of ALL children in a general education learning experience, while speaking out on issues of race and equity.
- I wish to recognize our Budget Committee and all who participated in this budget development process by sending us your feedback: parents, patrons and staff. The interest, support and advocacy by our community towards our school district is deeply evident. The strong investment of parent volunteers and community partnerships in our students is a hallmark across Wilsonville and West Linn.
- I wish to recognize our stellar Business Office and the countless hours they have invested in assembling this budget document, alongside hours of meetings with district staff to ensure programs and staffing are accurately reflected.
- I wish to recognize the excellence of our teachers and staff in our schools who bring their best professional selves to the work on a daily basis. Our teachers and staff seek out professional learning that address race and equity reform, research-based best practices and high-leverage instructional strategies that "move the dial" in eliminating opportunity and achievement gaps.
- Lastly, I wish to recognize and thank our community's generosity in supporting local option levies and capital construction bonds over the years. Our local option levy helps us currently fund approximately 80 teachers. And our most recent capital bond in 2019 allows us to build a new primary school and middle school, remodel an existing school to open our new Riverside High School, add a new auditorium to Wilsonville High School, expand the stadium and parking at West Linn High School, upgrade safety, security and technology at all schools, and attend to districtwide improvements. These are significant contributions and we would not be able to provide the level of service and learning to students without this support.

#### In Closing

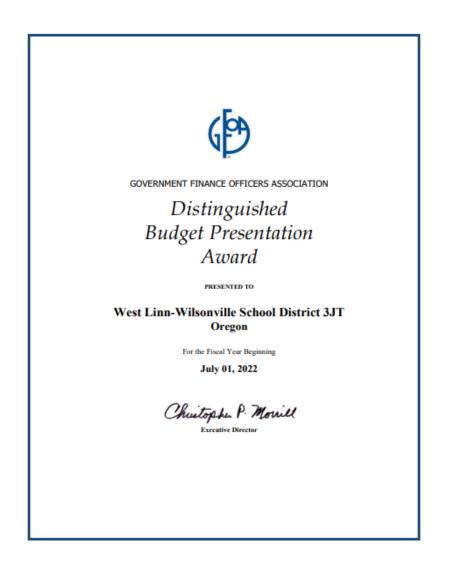

It's important to restate that an inadequate State School Fund this biennium results in the expenditure of district reserves for West Linn-Wilsonville and reductions for neighboring districts for 2023-2024. We will likely have difficult decisions to make in the near future. And yet, I hold a spirit of optimism that our state and elected representatives understand that the nation-wide conditions of workforce shortages paired with increased inflation and wages are not going away overnight. We will be in this economic predicament for the foreseeable future. There needs to be a more stable and adequate funding source and commitment in Oregon for K-12 education.

As a last word, I am proud and humbled to serve the West Linn-Wilsonville School District and to bring forward a budget that supports the mission and goals of this school district, striving to nurture self-efficacy (BELIEF) and a sense of BELONGING for each student.

Respectfully,

Kathy Ludwig, D.Ed. Superintendent

## DISTINGUISHED BUDGET AWARD

The West Linn-Wilsonville School District has been awarded the Distinguished Budget Presentation Award for our 2022-23 Budget!

The award represents a significant achievement, reflecting the commitment of the district and staff to meeting the highest principles of governmental budgeting. In order to receive the award, school districts must meet nationally recognized guidelines for effective budget presentation. Those guidelines are designed to assess how well the district's budget serves as:

- a policy document
- a financial plan
- an operations guide
- a communications device

Budget documents must be rated "proficient" in all four categories and in the 14 mandatory criteria within those categories to receive the award. The Government Finance Officers Association (GFOA) advances excellence in government finance by providing best practices, professional development, resources, and practical research.

# OVERVIEW OF WLWV SCHOOL DISTRICT

The West Linn-Wilsonville School District covers 42 square miles in the south metropolitan area of Portland, Oregon. The District includes two towns, West Linn and Wilsonville, and a rural area of Clackamas County. The District is a K-12 public school system with approximately 9,100.

The West Linn-Wilsonville School District prides itself on substantial staff development opportunities for its teaching staff and believes that a well-educated staff serves its students well.

Scholastic Aptitude Test (SAT) scores are among the highest in Oregon. Oregon consistently ranks first or second in SAT scores nationwide for states in which fifty percent or more of the graduating seniors take the test. Approximately 90 percent of all West Linn-Wilsonville graduates go on to two- and four-year colleges.

**Mission:** Our school district guides us with a compelling vision question, "How do we create learning communities for the greatest thinkers and most thoughtful people...for the world?"

# SCHOOL BOARD GOALS

The Board is responsible for establishing educational goals, which will guide both the Board and staff in working together toward the continuing improvement of our academic program. As a Board, we have established District Goals to:

- 1. Grow student achievement through high-leverage instructional and engagement strategies to raise rigor, disrupt systems of racism, and generate equitable outcomes for all students while eliminating opportunity and achievement gaps.
- 2. Effectively use professional growth systems, assessment for learning, social-emotional learning, and equitable and inclusive practices to build competence, confidence, and self-efficacy for every student.
- 3. Operate in an accessible and transparent manner to encourage and generate community involvement as our parents, students, and community partners are an integral and valued voice in our District.
- 4. Be responsive to future community growth and student learning needs by conducting long-range capital improvements and financial planning through processes and practices for long-term financial stability and sustainability.

### **VISION THEMES**

As a district, West Linn-Wilsonville is constantly learning and growing. Over the years, the district has developed a series of vision themes, including:

- Demonstrates <u>personal and academic excellence</u>
- Provides a <u>personalized education</u> to improve student performance
- Establishes <u>community partnerships</u> and expands the classroom beyond the school
- Creates a <u>circle of support</u> for each student
- Educates <u>the whole person</u>—intellectually, emotionally, physically, and ethically
- ➢ Integrates <u>technology</u> in daily learning.

## **BUDGET PREPARATION**

WLWV School District develops its annual budget by using available resources to address our District's core values, organizational priorities, and obligations.

The Business Office aims to help school buildings and departments build a meaningful and sustainable budget based on open communication and input. Below are the five steps that the Business Office applied during the budget process:

- 1. Plan and prepare: the budget must be balanced and provide a basis for evaluating the school's services, costs, and accomplishments.
- 2. Set goals and priorities: each goal is measurable, specific, and attainable. Each spending priority must satisfy a particular purpose or requirement.
- 3. Cost analysis: 1) determine the benefits of a proposed or existing program and place a dollar value on those benefits, 2) calculate the total costs of the program, and 3) compare the benefits and the costs.
- 4. Implement the plan: A plan of action puts the strategic financial plan into play, translating the strategy into manageable and actionable steps.
- 5. Ensure sustainability: evaluate the programs throughout the year and adjust to the current mid-year budget to reflect everyday spending.

## BASIS OF BUDGETING

In compliance with applicable statutes and administrative procedures, the West Linn-Wilsonville School District's budget is prepared on a modified cash basis, which is used to establish and ensure compliance with enacted budgets. The total amount appropriated or budgeted for each fund may not exceed the available fiscal year's estimated revenues plus the unappropriated surplus fund balance (or less a deficit) of the preceding year. The fiscal year begins on July 1 and ends on June 30.

For budgeting purposes, tax receipts are recorded at the time of deposit during the fiscal year with the modified cash basis of budgeting. They are determined when earned and adjusted back to the appropriate fiscal year during the accrual period. All other receipts are deposited to the proper fiscal year in which the revenues were earned if received within 60 days after the end of the fiscal year; if received after those 60 days, they are recorded in the fiscal year received. For expenditures, the statute requires that no payment for goods or services may be charged after the last day of the fiscal year unless the goods or services are received on or before the last day of the fiscal year. Repair projects, purchase of specialized equipment and furnishings, and other contracts for services and capital expenditures to purchase land or erection of buildings or new construction or remodeling that were committed and in progress before the fiscal year-end are excluded. In other words, except for the previously mentioned exceptions, the District must have received the goods or services on or before June 30, creating an actual liability.

A budget is prepared and legally adopted for each governmental fund type and private purpose trust on the modified accrual basis of accounting. The budgetary basis of accounting uses the same Generally Accepted Accounting Principles (GAAF) used in the United States of America for governmental fund types and private-purpose trust funds. A difference exists that capital outlay expenditures, including items below the District's capitalization level, are budgeted by function in the governmental fund types. The resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations.

Each fund establishes appropriations at the significant function level (instruction, support services, nutrition services, facilities acquisition and construction, debt service, operating contingency, and transfers). However, the detailed budget document must contain more specific information for the abovementioned expenditures. Unexpected additional resources may be added to the budget through a supplemental budget and appropriation resolution.

The Board may adopt supplemental budgets of less than 10% of a fund's budget at a regular meeting. A supplemental budget greater than 10% of a fund's original budget requires a hearing before the public, publication in newspapers, and the Board's approval. Original and supplemental budgets may be modified by appropriation transfers between the levels of control (major function levels) with Board approval.

## FUND FINANCIAL STATEMENTS

The fund financial statements provide information about the District's funds, including those of a fiduciary nature. Separate reports for each fund category – governmental and fiduciary – are presented. The emphasis of fund financial statements is on significant governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as other governmental funds. The District reports the following major governmental funds: 1) General Fund, 2) Special Revenue Fund, 3) Debt Service Fund and 4) Capital Projects Fund.

FUND TYPES				
General Fund	Special Revenue Fund	Debt Services Fund	Capital Projects Fund	
This fund accounts for all revenues and expenditures except for those required to be accounted for in another fund. The principal revenue sources are <b>property</b> <b>taxes</b> and an apportionment from the <b>State</b> of Oregon. Expenditures in the fund are made for <b>instructional</b> purposes and related <b>support services</b> .	This fund accounts for the revenues and expenditures of specific educational programs funded from <b>federal</b> , <b>state and local</b> <b>sources</b> . Principal sources of revenue are federal and state <b>grants</b> paid to the District through state and county agencies and other grants paid to the District directly from state, local and private agencies.	This fund is used for the accumulation of resources and payment of general obligation and PERS <b>bond principal and</b> <b>interest</b> . Primary resources in these funds are property taxes and earnings on investments.	This fund accounts for activities related to the acquisition, construction, equipping and furnishing of <b>new</b> <b>schools and other</b> <b>facilities</b> . Principal revenue sources are proceeds from general obligation bond issues and related interest earned on proceeds not yet expended.	

The Oregon State School Fund (SSF) Grant and property taxes are primary sources of West Linn-Wilsonville School District's operating General Fund. The Oregon Legislature determines how much money is available from state income taxes and local sources, primarily property taxes.

**State School Fund:** The SSF was created in response to the requirement that the state replaces school tax revenue lost under Measure 5. The legislature created the SSF and established an equalization formula to allocate revenue to schools on a weighted per-student basis.

SSF is calculated based on enrollment. A per-student amount consists of two different enrollment numbers: average daily membership - resident (ADMr) and average daily membership – weighted (ADMw). The ADMr number represents the average number of students enrolled in WLWVSD daily. The ADMw is an adjusted number to compensate for the high costs of educating specific groups of students, such as English Language Learners, special education, income at or below poverty, and students in foster care.

**Property Tax Levies:** Property owners are taxed on the combined education and debt service rates to repay bond expenses from Measure 5. The permanent Property Tax Rate for WLWV School District is \$4.8684 per \$1,000 of assessed value. And \$1.50 per \$1,000 of assessed value for the Local Option Levy.

### 1299 - Other Programs

Total: \$515,465

With empasis on research and inquiry, STEM (Science, Technology Engineering and Math) programs provide learning and enrichment experiences for K-12 students for the purpose of applying skills and exploring interests in science. Programs operate during the school year and in the summer. These programs include Center for Research in Environmental Sciences and Technologies (CREST), field trips, camps, and The Intel International Science and Engineering Fair. The Intel ISEF program unites young scientific minds, showcasing their talents on an international stage, and allows their work to be reviewed by doctoral-level scientists.

### 1400 - Summer School Programs

Total: \$303,754

Instructional activities carried on during the period between the end of the regular school term and the beginning of the next regular school term. Classes are a combination of remedial support and enrichment learning activities. The district sets aside approximately \$190,000 of the General Fund annually to support summer programs. A transfer of summer fees from the high schools in the apoximate amount of \$105,000 increases this budget to \$303,000.

# FINANCIAL SECTION: III-B. SPECIAL REVENUE FUNDS

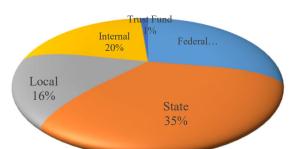

A Special Revenue Fund is an account established to collect funding that must be used for a specific purpose. Special Revenue Funds require an extra level of accountability and transparency to taxpayers to show tax dollars support the intended purpose. These funding sources come from federal, state, and local agencies and provide financial assistance to our school district to carry out purpose-driven supports as voted by the public.

#### West Linn - Wilsonville School District 3JT Special Revene Funds Total: \$1,575,000 242 - Utility Grant Total: \$1,575,000

Oregon Senate Bill 1149 required Portland General Electric (PGE) to collect a "Public Purpose Charge" from consumers in their service area beginning in 2002. The first ten percent of these charges go to K-12 school districts for energy efficiency projects. The money is forwarded from PGE each month and deposited into this fund. The Oregon Department of Energy administers the schools program, authorizing reimbursement from this fund for approved energy efficiency projects completed. We expect to receive authorization for the reimbursement of expenditures for projects at Inza Wood Middle School, Athey Creek Middle School, Bolton Primary School, Cedaroak Park and Stafford Primary Schools.

The Student Success Act, House Bill 3427, created a grant program to assist school districts with implementing early indicator and intervention systems (EIIS). The goal of the EIIS program is to align school, district, and community systems to help students stay on track to graduate from high school. Starting fiscal year 2023-24, ODE introduced the Aligning for Student Success which will integrate the funding, budgeting, and reporting of six state and federal grant programs with overlapping goals and initiatives. EIIS is included in Aligning for Student Success.

#### West Linn - Wilsonville School District 3JT Special Revene Funds Total: \$6,875,888 271 - Student Investment Acccount Total: \$6,875,888

The Student Investment Account is an annual non-competitive grant fund for all Oregon school districts and eligible charter schools. This money has two purposes: 1) Meet students mental and behavioral health needs and 2) Increase academic achievement and reduce academic disparities for students who have historically experienced disparities in our schools. Extensive community engagement informed the goals within the district's Continuous Improvement Plan and the priorities outlined in the district's Student Investment Grant application.

Starting fiscal year 2023-24, ODE introduced the Aligning for Student Success which will integrate the funding, budgeting, and reporting of six state and federal grant programs with overlapping goals and initiatives. The Student Investment Account is included in Aligning for Student Success.

#### West Linn - Wilsonville School District 3JT Special Revene Funds Total: \$2,913,466 297 - Nutrition Services Total: \$2,913,466

This fund provides for all costs associated with operating federally-funded child nutrition programs in West Linn-Wilsonville schools. Operating funds are generated through sales of meals to students and reimbursement for meals served to students under United States Department of Agriculture (USDA) reimbursement guidelines. USDA establishes a fixed reimbursement rate for each documented meal served and sets the household income guidelines that determine a family's eligibility for free or reduced-price meals.

## PREFACE

#### WEST LINN-WILSONVILLE SCHOOL FACILITIES PLAN - 2019 EDITION

Originating in 1996, West Linn-Wilsonville School District has regularly published a Long Range School Facilities Plan that provides a summary of the District's framework for facilities planning. Updates to this plan have occurred five times over the last 23years culminating in this latest 2019 Edition. Each edition takes an in-depth look at current school educational programs and initiatives that shape the built environment in support of the highest quality public education for all district students.

The School Facilities Plan is divided into two parts. The Long Range Plan and the Capital Improvement Program.

"Part 1 – West Linn-Wilsonville School District Long Range Plan" provides a summary of the District's framework for facilities planning in three sections:

- Framework for Excellence: Describes the values, themes and educational needs and approaches that are the basis of facility planning and maintenance decisions.
- School Facilities: Identifies the existing school capacity, potential growth and educational trends and factors that could impact the future facility needs.
- Capital Improvements: Outlines the capital improvement planning process and identifies criteria for identifying future capital improvement projects.

"Part 2 – West Linn-Wilsonville School District Capital Improvement Program" supports consideration of a capital bond measure in the near future by providing background information relating to issues facing the District over the next 10-years and the potential improvements that could address them. The report is organized to answer four questions:

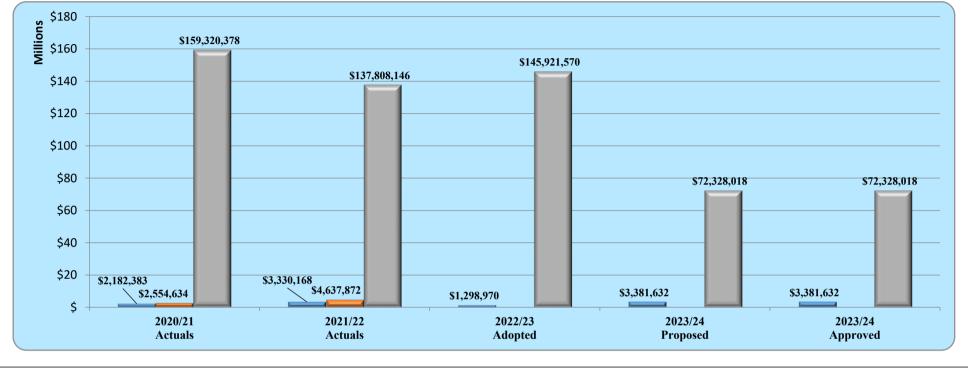

- Overview: What is the District's mission, what are the challenges, and what is the Capital Improvement Program?
- Excellence in Education: Why does the District's goal for excellence in education serve as the basis for the Capital Improvement Program?
- Capital Improvement Planning Process: How is the Capital Improvement Program developed and how will the proposed projects support the District's commitment to excellence?
- Capital Projects List and Next Steps: When will the Capital Improvement Program projects be prioritized and implemented?

Together, Part 1 and Part 2 of the School Facilities Plan provide a comprehensive overall picture of District educational aspirations, goals and the facilities that will support them. For more detailed information regarding to the Long Range Facilities Plan, please visit the link below

#### West Linn - Wilsonville School District 3JT Capital Projects Funds Total: \$2,764,242 492 - Construction Excise Tax Total: \$2,764,242

In 2007, the Oregon State Legislature passed, Senate Bill 1036 which helped Oregon school districts pay for a portion of the cost of new or expanded school facilities. The bill allows school boards, in cooperation with cities and counties, to tax new residential and non-residential development. This tax required developers to share the cost of growth with school districts. School districts may only spend construction excise tax revenue on capital improvements, including land acquisition, construction, improvement of school facilities, costs to purchase and install equipment and furnishings, or other tangible properties that has a useful life of more than one year, architectural, engineering, legal or similar costs related to capital improvements. School districts may NOT spend construction excise tax funds on operating costs or costs of routine maintenance.

## **IV: INFORMATIONAL SECTION**

#### The major function categories are defined below. These are general descriptions and not specific to West Linn –Wilsonville School District.

The WLWV School District's budget is appropriated by fund and major functional category as per Oregon State Revised Statutes. The major functional categories, or program areas, are defined by the National Center for Educational Statistics and adopted by the Oregon Department of Education in the Oregon Program Budgeting and Accounting Manual (PBAM). In 1997 the legislature enacted House Bill 3636 which directed the Oregon Department of Education to review, modify, update and improve the existing chart of accounts to promote consistency of accounting across school districts in Oregon. The PBAM provides for more consistency in reporting of school district and education service district financial activities so that comparisons can be made across districts. Under Oregon Budget Law the PBAM also provides the framework for developing and reporting budgets and appropriations.

Function	Function Title	Function Description
1000	INSTRUCTION	Activities dealing directly with the teaching of students, or the interaction between teacher and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, or in other learning situations such as those involving co-curricular activities.
		Instruction may also be provided through some other approved medium such as computer instruction applications, television, radio, telephone, and correspondence. Included here are the activities of instructional assistants of any type that assist in the instructional process. Expenditures for teachers' travel within the district in connection with teaching assignments are considered costs of instruction.
2000	SUPPORT SERVICES	Supporting services provide administrative, technical, personal (such as guidance and health) services and logistical support to facilitate and enhance instruction.
3000	ENTERPRISE AND COMMUNITY SERVICES	Activities concerned with operations that are financed and operated in a manner similar to private business enterprises where the stated intent is that the costs of providing goods and services to the students or general public are financed or recovered primarily through user charges and community programs.
4000	FACILITIES ACQUISITION AND CONSTRUCTION	Activities concerned with the acquisition of land and buildings; major remodeling and construction of buildings and major additions to buildings; initial installation or extension of service systems and other built-in equipment; and major improvements to sites. Major capital expenditures, which are defined as capital expenditures that are eligible for general obligation bonding are recorded here. Maintenance and upkeep of buildings are charged under a 2000 – Support Services program.
5000	OTHER USES	Activities included in this category are servicing the debt of a district, conduit-type transfers from one fund to another fund and apportionment of funds by ESD. Note: Debt Service (5100) and Transfers of Funds (5200) must be appropriated separately to comply with local budget law under ORS 294.435.
6000	CONTINGENCIES (FOR BUDGET ONLY)	Expenditures which cannot be foreseen and planned in the budget process because of an occurrence of an unusual or extraordinary event. The school board authorizes a transfer from the contingency budget to the correct function for the unanticipated expense.
7000	UNAPPROPRIATED ENDING FUND BALANCE	An estimate of funds needed to maintain operations of the school district from July 1 of the ensuing fiscal year and the time when sufficient new revenues become available to meet cash flow needs of the fund. No expenditure shall be made from the unappropriated ending fund balance in the year in which it is budgeted.

#### **FUNCTION 5200 TRANSFERS OF FUNDS**

This object category does not represent a purchase. Generally, transfers are used to provide general fund support to funds that are not self-supporting.

#### **FUNCTION 6000 CONTINGENCIES**

Expenditures which cannot be foreseen and planned in the budget process because of an occurrence of an unusual or extraordinary event. Contingency is simply a placeholder for an unplanned event and takes board action to move budget to the appropriation in which the expense will occur.

#### **OBJECT 810 PLANNED RESERVE**

Amounts set aside for operating contingencies for expenditures which cannot be foreseen and planned in the budget because of the occurrence of some unusual or extraordinary event. Expenditures cannot be coded directly to this account. Board action is required to transfer from this account to another appropriation category.

# **2023-24 Budget Survey Results**

On April 14, the District sent all West Linn-Wilsonville families and community members a budget summary video and an online survey asking for community input regarding the 2023-24 budget process. In the video, Superintendent Dr. Kathy Ludwig provided an overview of the financial landscape and applicable district priorities that will influence the budget process. The online survey asked community members to rank their funding priorities as well as provide additional budget-related input. Nearly 600 community members submitted online survey responses before it closed on April 21. Survey data was used by the school district to finalize the proposed budget.

#### Budget Survey Questions and Data

The Budget Survey asked two key questions. The first asked for respondents to indicate the investment strategies they wanted prioritized during the budget process. The second question was open-ended, allowing respondents to list additional strategies that they would like prioritized. Below are summarized results for both WLWV staff and WLWV non-staff (i.e. parent-guardians and community members). Additional questions were asked regarding the district's Student Investment Account Grant (SIA) funding, which the district will use during its annual review of the Improvement Plan and Integrated Application.

## Q1: Which investment strategies do you want to see continue as priorities in WLWV budgeting? Check all that apply. (495 NON-STAFF responses, i.e. parent-guardians and community members)

- Hiring quality staff and providing effective classroom support systems: 85% (422 responses)
- Effective class size ranges: 75% (369 responses)
- Providing quality curriculum and curriculum support: 66% (325 responses)
- Support for mental health and behavioral needs 60% (295 responses)

- Providing enriched and comprehensive programming, including world and dual language programming, performing and visual arts, athletics, and activities: 55% (272 responses)
- Expanded STEM (Science, Technology, Engineering, and Mathematics) and CTE (Career and Technical Education) Programs: 54% (269 responses)
- K-12 access to rigorous coursework including AP & college-level courses: 49% (242 responses)
- Instructional strategies for students with diverse learning needs: 46% (228 responses)
- Professional development for excellence in teaching: 43% (213 responses)
- Full school year and full academic schedules: 36% (177 responses)
- School Equity Teams and district-wide equity initiatives: 23% (113 responses)
- Measures of progress that inform classroom, school, and district: 20% (97 responses)
- Preschool programs: 18% (90 responses)
- Developing Robust Systems of Instructional Technology: 17% (86 responses)

### Q1: Which investment strategies do you want to see continue as priorities in WLWV budgeting? Check all that apply. (113 STAFF responses)

- Hiring quality staff and providing effective classroom support systems: 83% (94 responses)
- Support for mental health and behavioral needs 79% (89 responses)
- Effective class size ranges: 72% (81 responses)

- Measures of progress that inform classroom, school, and district: 20% (97 responses)
- Developing Robust Systems of Instructional Technology: 9% (10 responses)

#### Q2: Are there any investment strategies not listed that you want considered?

A total of 171 responses were submitted for Q2 covering a wide range of topics and areas of priority. Many questions repeated priorities already listed in Q1. The most common comments for new areas of priority that were not listed in Q1 included safety and security building upgrades, funding for the arts, and funding for curriculum renewals such as the district's upcoming K-5 literacy renewal.

# Q3: The district receives annual grant money from the Student Investment Account (SIA) Grant that must be allocated on mental and behavioral health as well as addressing the achievement gap for historically underrepresented students. Which priorities would you wish to see the district continue to fund through its Improvement Plan and Integrated Application? Check all that apply.

- Add paraeducators to assist in classrooms: 69% (395 responses)
- Add counselors: 57% (331 responses)
- Add learning specialists and English Language Development (ELD) Specialists: 42% (241 responses)

#### MEMORANDUM

TO:	SCH 003 WLINN/WILSONVILLE Son Le Hughes, CFO
FROM:	Bronson W. Rueda, County Assessor
DATE:	March 15, 2023
SUBJECT	2023-2024 Value Growth Estimates

Oregon's property tax system limits the rate of growth of property value subject to taxation. Assessed value grows each year by a statutory 3% growth test on maximum assessed value and by new construction. Below is our estimated percentage of assessed value growth anticipated for your district in the 2023-2024 tax year.

2022-2023 Assessed Value (AV)

#### 2023-2024 Estimated Growth in (AV)

\$9,034,993,427

4.5% - 5%

Your district's permanent rate and Measure 5 compression loss for certified tax year 2022-23.

- Permanent tax rate: \$4.8684 per \$1,000 of Assessed Value
- Measure 5 compression loss: (\$1,886,473.92)

Measure 5 tax limits are \$5.00 per 1,000 in the education category and are calculated individually on every property. Depending on annual adjustments to Real Market Value, Measure 5 limits reducing revenue to districts can vary each year.

## Annexations will cause the growth estimate to vary, so please consider that in your final analysis.

Other Factors can affect AV growth such as possible value reductions from appeals or changes in State industrial and Centrally assessed property values outside of our authority. Additionally, this year we have noticed a significant decline in permits for construction. Due to these unknown changes, we are taking a conservative approach in our estimate.

This is an estimate only and is intended to provide assistance in your budgeting process. It is important to note actual AV growth can vary due to the unknown changes stated. Please call if you have any questions

# V: APPENDIX

ACCOUNT CODES: Account codes identify the funding source and nature of a budgeted expenditure.

ACCOUNTING SYSTEM: The methods and records established to identify, assemble, analyze, classify, record and report a government's transactions and to maintain accountability for the related assets and liabilities.

ACCOUNTS PAYABLE: A short-term liability account reflecting amounts owed to private persons or organizations for goods and services received by a government.

ACCOUNTS RECEIVABLE: An asset account reflecting amounts due from private persons or organizations for goods and services furnished by a government (but not including amounts due from other funds or other governments).

ACCRUAL BASIS: The basis of accounting where revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. The District uses the accrual basis of accounting in its government-wide financial statements and also in its proprietary fund and fiduciary fund financial statements. Accrual basis accounting is also referred to as full-accrual accounting. ACCUMULATED DEPRECIATION: A contra-asset account used to report the accumulation of periodic credits to reflect the expiration of the estimated service life of fixed assets.

ACHIEVEMENT COMPACT: Agreement between the state and school district setting targets for achievement.

ACHIEVEMENT GAP: A persistent and significant disparity in educational achievement and attainment among groups of students as determined by a standardized measure.

ACT: American College Test

ACTIVITY: A specific and distinguishable service performed by one or more organizational components of a government to accomplish a function for which the government is responsible.

ACTUARIAL BASIS: A basis used in computing the amount of contributions to be made periodically to a fund or account so that the total contributions plus the compounded earnings thereon will equal the required payments to be made out of the fund or account. The factors considered in arriving at the amount of these contributions include the length of time over which each contribution is to be held and the rate of return compounded on such contribution over its life. A pension trust fund for PERS is an example of a fund concerned with actuarial basis data.

ADM: Average Daily Membership is the year- to-date average of daily student enrollment.

ADMw: Average Daily Membership Weighted is the average daily membership of daily student enrollment increased by a variety of weighting factors. For example, each student qualifying for special education services is given an additional weight and counted as 2.0 full-time equivalents (FTE) for funding purposes.

ADOPTED BUDGET: The financial plan adopted by the school board which forms a basis for expenditure appropriations.

ALLOCATIONS: To divide an appropriation into amounts for specific purposes.

APC: Associated Payroll Costs.

APPROPRIATION: A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation usually is limited the in amount and time it may be expended.

ASB: Associated Student Body

ASBO: Association of School Business Officials International

ASSESSED VALUATION: A valuation set upon real estate or other property by a government as a basis for levying taxes.

ASSETS: Resources owned or held which have monetary value. A probable future economic benefit obtained or controlled by a particular entity as a result of past transactions or events.

BALANCED BUDGET: The budget for a fund where the total projected resources equal the total projected requirements

BASIS OF ACCOUNTING: A term used to refer to when revenues, expenditures, expenses and transfers—and the related assets and liabilities—are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the nature of the measurement, on either the cash or the accrual method.

BC: Budget Committee. Consists of the five elected School Board members and five citizen members appointed by the Board. Citizen members serve three-year terms. BEGINNING FUND BALANCE: Funds carried forward from the current fiscal year into the next budgeted fiscal year that become a resource to support the appropriations for the next budgeted fiscal year. The beginning fund balance is the same amount as the previous year's ending fund balance.

BOLI: Bureau of Labor and Industries.

BOND OR BOND ISSUE: A certificate of debt guaranteeing payment of the original investment plus interest on specific dates. Most often, a written promise to pay a specified sum of money (called the face value or principal amount), at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate. Sometimes, however, all or a substantial portion of the interest is included in the face value of the security. The difference between a note and a bond is that the latter is issued for a longer period and requires greater legal formality.

BUDGET COMMITTEE: A board of the District consisting of the school board and an equal number of legal voters of the District appointed by the School Board.

**BUDGET DOCUMENT:** The instrument used by the budget-making authority to present a comprehensive financial program to the appropriating governing body. The budget document usually consists of three parts. The first part contains a message from the budget- making authority, together with a summary of the proposed expenditures and the means of financing them. The second consists of schedules supporting the summary. These schedules show in detail past years' actual revenues, the expenditures and other data used in making the estimates. The third part is composed of drafts of the appropriation, revenue and borrowing measures necessary to put the budget into effect.

BUDGET MESSAGE: A general discussion of the proposed budget as presented in writing by the budget-making authority to the legislative body. The budget message should contain an explanation of the principal budget items, an outline of the government's experience during the past period and its financial status at the time of the message and recommendations regarding the financial policy for the coming period.

BUDGET: A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year. The term "budget" is used in two senses in practice. Sometimes it designates the financial plan presented to the appropriating governing body for adoption, and sometimes it designates the plan finally approved by that body.

BUDGETARY CONTROL: The control or management of a government or enterprise in accordance with an approved budget to keep expenditures within the limitations of available appropriations and available revenues.

CAPITAL ASSETS (also called fixedassets): Long-lived tangible assets obtained or controlled as a result of past transactions, events or circumstances. Fixed assets include buildings, equipment, improvements other than buildings and land. In the private sector, these assets are referred to most often as property, plant and equipment.

CAPITAL BUDGET: A plan of proposed capital outlays and the means of financing them.

CAPITAL EXPENDITURES: Expenditures resulting in the acquisition of or addition to the government's general fixed assets.

CAPITAL OUTLAY: Expenditures that result in the acquisition of or addition to capital assets.

CAPITAL PROGRAM: A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or other capital needs. It sets forth each project or other contemplated expenditure in which the government is to have a part and specifies the resources estimated to be available to finance the projected expenditures.

CARRY OVER FUND BALANCE: Represents the amount of the prior year's ending fund balance that is budgeted as a resource in the next year.

CASH BASIS: A basis of accounting under which transactions are recognized only when cash is received or disbursed.

CASH: Cash includes currency on hand and demand deposits with banks or other financial institutions. Cash also includes deposits in other kinds of accounts that have the general characteristics of demand deposit accounts. CET: Construction Excise Tax

CLASSIFIED STAFF: Employees in positions that are classified according to the duties and responsibilities involved in the work and do not require licensing by the Teacher Standards and Practices Commission as a condition of employment.

COLA: Cost of Living Adjustment

COMMON SCHOOL FUND: Interest on trust funds from state sale of miscellaneous lands.

CONTINGENCY: A special amount set aside in the budget for unforeseen expenditures. Transfer of general fund operating contingency funds to cover unanticipated expenditures requires School Board approval.

COSA: Confederation of Oregon School Administrators

COST ACCOUNTING: The method of accounting that provides for the assembling and recording of all the elements of cost incurred to accomplish a purpose, to carry on an activity or operation, or to complete a unit of work or a specific job.

COST: The amount of money or other consideration exchanged for goods or services.

COUNTY SCHOOL FUND: Distributed by county sources and includes property tax levy, state forest fees and various fines such as gambling fees.

CSIP: Comprehensive School Improvement Plan

CTE: Career and Technical Education CTP: Community Transition Program

DEBT: An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of governments include bonds, time warrants and notes.

DEFERREDINFLOWSOFRESOURCES: The acquisition of net assetsby the government that is applicable to afuture reporting period. An example for theDistrict is property taxes which have beencollected but will not be available until thesubsequent fiscal period.

DEFERRED OUTFLOWS OF RESOURCES: The consumption of net assets by the government that is applicable to future reporting periods. An example for the District is debt refunding charges that do not have present service capacity and must be amortized over future periods. DEFICIT: (1) The excess of the liabilities and deferred inflows of resources of a fund over its assets and deferred outflows of resources. (2) The excess of expenditures over revenues during an accounting period or, in the case of proprietary funds, the excess of expenses over revenues during an accounting period. Oregon school districts may not carry deficits in any fund.

DEPRECIATION: (1) Expiration in the service life of fixed assets, other than wasting assets, attributable to wear and tear, deterioration, action of the physical elements, inadequacy and obsolescence. (2) The portion of the cost of a fixed asset, other than a wasting asset, charged as an expense during a particular period. In accounting for depreciation, the cost of a fixed asset, less any salvage value, is prorated over the estimated service life of such an asset, and each period is charged with a portion of such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense.

DOUBLE ENTRY: A system of bookkeeping requiring that for every entry made to the debit side of an account or accounts, an entry or entries be made for an equal amount to the credit side of another account or accounts.

EESP: Energy Efficient Schools Program.

EIECSE: Early Intervention Early Childhood Special Education.

ELL (ESL): The English Language Learning program provides educational support to students who do not meet a minimal English language proficiency standard. Former term (and sometimes used) ESL or English as a Second Language.

ENCUMBRANCES: Commitments related to unperformed (executory) contracts for goods or services. Used in budgeting, encumbrances are not GAAP expenditures or liabilities, but represent the estimated amount of expenditures ultimately to result if unperformed contracts in process are completed.

ENDING FUND BALANCE: The ending fund balance of the current fiscal year becomes the beginning fund balance of the next fiscal year. The fund balance is made up of two components: (1) Unexpended budget. Budgeted expenditures minus actual expenditures; (2) Revenues received in excess of the budgeted amount. ENTITY: (1) The basic unit upon which accounting and/or financial reporting activities focus. The basic governmental legal and accounting entity is the individual fund and account group. (2) That combination of funds and account groups that constitutes the reporting entity for financial reporting purposes and alone may issue CAFRs and GPFS.

EQUALIZATION: A method for allocating local and state funds for schools adopted by the 1991 Oregon Legislature and modified slightly since then. The purpose of equalization is to ensure that students in all Oregon schools are treated equally in terms of how state and local resources are allocated. Equalization is implemented through the State School Fund formula which allocates local and state funds on a weighted per-student basis.

EQUITY ACCOUNTS: The District's equity is its ownership in itself. Net position defines the District's equity when accrual accounting is used and Ending Fund Balance defines the District's equity when modified accrual accounting is used. The formula for equity is expressed: ASSETS + DEFERRED OUTFLOWS OF RESOURCES – LIABILITIES– DEFERRED INFLOWS OF RESOURCES = EQUITY.

ERC – Educational Resource Center.

ESD: Education Service District.

ESL: English as a Second Language.

EXPENDITURES: Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlements and shared revenues.

FEDERAL PROGRAMS: Federally funded programs – bilingual, migrant and Indian education, among others.

FINANCIAL AUDIT: An audit made to determine whether the financial statements of a government are presented fairly in conformity with GAAP.

FISCAL YEAR: A 12-month period to which the annual operating budget applies and, at the end of which, a government determines its financial position and the results of its operations.

FIXED COSTS: A cost such as rent that does not change from month to month with increases or decreases in the amount of services provided. FIXTURES: Attachments to buildings that are not intended to be removed and cannot be removed without damage to the buildings. Those fixtures with a useful life presumed to be as long as that of the building itself are considered a part of the building; all others are classified as equipment.

FTE: Full-Time Equivalency (1.00 FTE equals one full-time position).

FUNCTION: A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible (e.g., public safety).

FUND BALANCE: Fund balance is the residual of all other elements presented in a governmental funds balance sheet using the modified accrual basis of accounting, and it is expressed with the formula: FUND BALANCE = ASSETS + DEFERRED OUTFLOWS OF RESOURCES – LIABILITIES – DEFERRED INFLOWS OF RESOURCES.

FUND TYPE: Any one of seven categories into which all funds are classified in governmental accounting. The seven fund types are: general, special revenue, debt service, capital projects, enterprise, internal service, and trust and agency. FUND: A fiscal and accounting entity with a self-balancing set of accounts in which cash or other financial resources, all related liabilities and residual equities, or balances, and changes therein, are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations.

GAAP: Generally Accepted Accounting Principles

GASB: Governmental Accounting Standards Board

GED: General Educational Development.

GENERAL FUND: The fund used to account for all financial resources, except those required to be accounted for in another fund.

GENERAL OBLIGATION BONDS: Bonds backed by the full faith and credit of government.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP): Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practices at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to state and local governments is the GASB.

GFOA: Government Finance Officers Association

GO BOND: General Obligation Bond

GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB): The authoritative accounting and financial reporting standard-setting body for government entities.

GROSS BONDED DEBT: The total amount of direct debt of a government, represented by outstanding bonds before deduction of any assets available and earmarked for their retirement. HIGH COST DISABILITY GRANT: State School Fund allocation to reimburse school districts for expenditures above \$30,000 per student for high school special education.

HR: Human Resources Department IA: Instructional Assistant

IDEA: Individuals with Disabilities Education Act

IEP: Individualized Education Plan

INDIRECT COST: A necessary cost for the functioning of the organization as a whole that cannot be assigned to a single program.

INTERNAL CONTROL STRUCTURE: Policies and procedures established to provide reasonable assurance that specific government objectives will be achieved.

LEVY: (1) (Verb) To impose taxes, special assessments or service charges for the support of government activities. (2) (Noun) The total amount of taxes, special assessments or service charges imposed by a government.

LIABILITIES: Probable future sacrifices of economic benefits, arising from present obligations of a particular entity to transfer assets or provide services to other entities in the future as a result of past transactions or events. LICENSED STAFF: All licensed teachers, counselors, media specialists and other support staff under contract to the District. Also included in this group are child development specialists, student resource specialists, physical therapists, and occupational therapists.

LOCAL OPTION LEVY: A tax approved by the 1999 Oregon Legislature that allows school districts to raise additional funds for operations or capital needs. Funds are excluded from the State Funding Formula.

MEASURE 47: Property tax limit passed by Oregon voters in November 1996, rolling taxes back to 1995-96 levels less 10% and capping future increases by 3% annually.

MEASURE 5: Property tax limitation passed by Oregon voters in November 1990, limiting local property taxes for schools to \$5 per \$1,000 of assessed value.

MEASURE 50: Initiative referred by the Oregon Legislature and approved by voters to clarify and implement Measure 47. Measure 50 set the assessed value for each property and limited future annual growth to 3%, with exceptions. Under Measure 50 assessed value cannot exceed real market value. Prior to Measure 50, property was assessed at real market value.

MODIFIED ACCRUAL BASIS: The accrual basis of accounting adapted to the governmental fund-type measurement focus. Under it, revenues and other financial resource increments (e.g., bond issue proceeds) are recognized when they become susceptible to accrual, that is, when they become both "measurable" and "available to finance expenditures of the current period." "Available" means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized when the fund liability is incurred except for (1) inventories of materials and supplies that may be considered expenditures either when purchased or when used, and (2) prepaid insurance and similar items that may be considered expenditures either when paid for or when consumed. All governmental funds, expendable trust funds and agency funds are accounted for using the modified accrual basis of accounting.

NCLB: No Child Left Behind refers to the Elementary and Secondary Education Act (ESEA), the principal federal law affecting K- 12 education. A number of federal entitlement programs (Title I - V) have been grouped together under this program name.

OBJECT: As used in expenditure classification, applies to the article purchased or the service obtained, rather than to the purpose for which the article or service was purchased or obtained (e.g., personal services, contractual services, materials and supplies).

ODE: Oregon Department of Education

OEA: Oregon Education Association

OEBB: Oregon Educators Benefit Board

OEIB: Oregon Education Investment Board

OESE: Office of Elementary and Secondary Education.

OPERATING BUDGET: Plans of current expenditures and the proposed means of financing them. The annual operating budget (or, in the case of some state governments, the biennial operating budget) is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law. Even when not required by law, however, annual operating budgets are essential to sound financial management and should be adopted by every government. OPERATING EXPENSES: Proprietary fund expenses related directly to the fund's primary activities.

OPSRP: Oregon Public Service Retirement Plan

ORS: Oregon Revised Statutes. Oregon laws established by the Legislature.

OSBA: Oregon School Boards Association

OVERHEAD: Those elements of cost necessary in the production of a good or service which are not directly traceable to the product or service. Usually these costs relate to objects of expenditure that do not become an integral part of the finished product or service, such as rent, heat, light, supplies, management and supervision.

PBAM: Program Budgeting and Accounting Manual.

PBIS: Positive Behavior Intervention and Support.

PERMANENT TAX RATE LIMIT: The maximum rate of ad valorem property taxes that a school district can impose. Taxes generated from the permanent rate limit can be used for any purpose. No action of the school district can increase a permanent rate limit.

PERS UAL: PERS Unfunded Accrued Liability.

PERS: Public Employees Retirement System.

PROGRAM BUDGET: A budget wherein expenditures are based primarily on programs of work and secondarily on character and object class, on the one hand, and performance, on the other.

PROGRAM REVENUES: Program revenues are part of the internal review process for the general fund budget. These reviews are conducted as a means of maintaining budget integrity and transparency, and assessing budgetary needs for the next year.

PROPOSED BUDGET: Financial and operating plan for the District that the Superintendent recommends to the public and to the budget committee.

PURCHASE ORDER: A document authorizing the delivery of specified merchandise or the rendering of certain services and the making of a charge for them. REAL MARKET VALUE: Defined under measure 50 to be the amount of cash that could reasonably be expected to be paid by an informed buyer to an informed seller as of the assessment date for the tax year.

REPLACEMENT COST: The amount of cash or other consideration that would be required today to obtain the same asset or its equivalent.

REQUIREMENT: An expenditure or net decrease to a fund's resources.

REQUISITION: A written demand or request, usually from one department to the purchasing officer or to another department, for specified articles or services.

RESOURCES: Total resources are the estimated beginning fund balance on hand at the beginning of the fiscal year, plus all anticipated revenues.

REVENUES: (1) Increases in the net current assets of a governmental fund type from other than expenditure refunds and residual equity transfers. Also, general long-term debt proceeds and operating transfers in are classified as "other financing sources" rather than as revenues. (2) Increases in the net total assets of a proprietary fund type from other than expense refunds, capital contributions and residual equity transfers. Also, operating transfers in are classified separately from revenues.

RHIA: Retirement Health Insurance Account

SAT: Scholastic Aptitude Test

SCHOOL BOARD: The governing body of the District consisting of five elected members, each residing in a District zone but elected on a District-wide basis. Board members serve four-year terms.

SERVICE LEVEL BUDGET: In the budget process, this refers to the budget amount that would be needed to provide the same level of service the following year, taking into account increases for salaries, benefits, associated payroll costs, inflation for goods and services, and growth.

SPED: Special Education

SSF: State School Fund is the major appropriation of state support for public schools. SSF grants are distributed to schools on a per-student basis. The SSF formula adopted by the Legislature includes monies from the SSF plus local property taxes and certain other local revenues. This formula determines the majority of the District's general fund revenues.

STAFFING RATIO: The licensed staffing ratio is the proportion of students to licensed staff. Class size is higher than the staffing ratio because counselors and specialists in areas such as Music, Media, P.E., are included in the staffing ratio.

STANDARD COST: The predetermined cost of performing an operation or producing a product when labor, materials and equipment are used efficiently under reasonable and normal conditions. Normal conditions exist when there is an absence of special or extraordinary factors affecting the quality or quantity of the work performed or the time or method to perform it.

STUDENT INVESTMENT ACCOUNT:

As part of the Student Success Act (see below), funds are allocated in a Student Investment Account to meet students' mental or behavioral health needs and to increase academic achievement for students. STUDENT SUCCESS ACT: In 2019, the Oregon Legislature passed HB-3427 (Student Success Act), which provides \$200 million to enhance the State School Fund.

SUBFUNCTION: A grouping of related activities within a particular government function.

SUPPLEMENTAL BUDGET: A budget prepared to meet unexpected needs or to spend revenue not anticipated at the time the regular budget was adopted. A supplemental budget cannot be used to increase the tax levy.

T&A: Trust and Agency.

TAG: Talented and Gifted.

The following explanations are drawn from including: several sources Oregon Department of Education (ODE), Oregon Revised Statutes (ORS). Oregon Rules Administrative (OAR). Governmental Accounting Standards Board (GASB) and Government Finance Officers Association (GFOA).

TIS: Technology and Information Services

TITLE I: A federally funded program (special revenue fund grant) that provides additional basic skills instruction for low achieving students, grades K-12, in eligible schools.

TOSA: Teacher on Special Assignment.

TRANSFERS: Amounts distributed from one fund to another fund.

TSPC: Teacher Standards and Practices Commission is an organization separate from the Oregon Department of Education which provides and monitors licenses of Oregon teachers and administrators. UAAL: Unfunded Actuarial Accrued Liability.

UNAPPROPRIATED ENDING FUND BALANCE: The amount budgeted to carry over into the next year's budget to provide the District with needed cash flow until other money is received and to provide financial stability. This amount cannot be transferred by resolution or used through a supplemental budget during the fiscal year. UNENCUMBERED APPROPRIATION: That portion of an appropriation not yet expended or encumbered.

WORK ORDER: A written order authorizing and directing the performance of a certain task and issued to the person who is to direct the work. Among the items of information included on the order are the nature and location of the job, specifications of the work to be performed and a job number, which is referred to in reporting the amount of labor, materials and equipment used

## **ACCOUNTING DEFINITIONS**

### As Defined by Oregon Department of Education's 2010 Program Budgeting and Accounting Manual

# **Fund Classifications**

- 100 <u>General Fund.</u> Accounts for all financial resources of the district except those required to be accounted for in another fund.
- 200 <u>Special Revenue Funds.</u> Account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes.
- 300 <u>Debt Service Funds.</u> Account for the accumulation of resources for, and the payment of, general long-term debt, principal and interest.
- 400 <u>*Capital Projects Funds.*</u> Account for financial resources used to acquire or construct major capital facilities (other than those of proprietary funds and trust funds).

- 500 <u>Enterprise Funds.</u> Account for operations that are financed and operated in a manner similar to private business enterprises where the stated intent is that the costs (expenses, including depreciation and indirect costs) of providing good or services to the students or general public on a continuing basis are financed or recovered primarily through user charges.
- 600 <u>Internal Service Funds.</u> Account for the operation of district functions that provide goods or services to other district functions, other districts, or to other governmental units, on a cost- reimbursable basis.
- 700 <u>*Trust and Agency Funds.*</u> Account for assets held by a district in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds.

#### Revenue
