

FROM THE PRINCIPAL

Dear Parents and Community Members,

How do we create learning communities for the greatest thinkers and most thoughtful people...for the world?

The West Linn-Wilsonville School District mission "question" expresses Wilsonville High School's dedication to outstanding student achievement. We use regularly scheduled assessments, student-teacher conferences and State tests to measure student learning and identify significant avenues for school improvement.

The redesigned ODE school report card provides additional information. Wilsonville's Overall State Rating of 4 indicates we meet targets for reading and math. However, as long as there is a

higher score, we will strive for it! Wilsonville High School is committed to remarkable annual learning growth and a diploma for all children. We must pay particular attention to supporting subgroups, such as emerging bilingual children and those with disabilities, to achieve the highest rating.

Wilsonville High School thrives in a strong community. We look forward to collaborating with you to grow the greatest thinkers and most thoughtful people for the world.

Thank you,

Principal | Aaron Downs

STUDENTS

OVERALL STATE RATING

HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall state rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. High schools are also rated on the overall graduation rate for the school and the graduation rates of underserved subgroups. Please be aware that this rating is based mainly on high-stakes testing and accordingly, represents a limited view of student performance. Other aspects of this report card are designed to put this rating in the proper context.

Compared to all schools statewide in 2012-13, this school is rated as Level 4.

- Level 1** = Falls into the bottom 5% of schools
- Level 2** = Falls between 5% and 15% of schools
- Level 3** = Falls between 15% and 44% of schools
- Level 4** = Falls between 44% and 90% of schools
- Level 5** = Falls into the top 10% of schools

Compared to high schools with similar student demographics in 2012-13, this school's rating is about average.

- Below average** = Falls into the bottom third of comparison schools
- About average** = Falls into the middle third of comparison schools
- Above average** = Falls into the top third of comparison schools
